UPHAM BELIEVES DEMOCRATS WILL ADOPT HIS PLAN

Thinks He Should be Given Job to Raise Their Funds

SENATOR EDGE ISSUES STATEMENT

CHICAGO, Sept. 10.—Investigation of the Republican campaign to raise funds in Chicago tomorrow will complete the hearing of the senate committee's inquiry into the charges of Governor Cox that the Republicans were seeking to corrupt the electorate by soliicting $15,000,000 for campaign purposes.

The committee plans to recess tomorrow night to meet again September 22 in some eastern city, the place to be selected by Chairman Kenyon. The Democratic members want to go to New York and pursue the investigation of the Cox charges there, while the Republicans favor removing to Pittsburgh to look into reports that the liquor interests are taking an active part in the Democratic nominee's campaign.

Committeemen Differ.

The widely divergent views of the committeemen as to the results of hearings were accented tonight when Senator Edge, Republican of New Jersey, issued a formal statement asserting the Democrats had failed to substantiate Governor Cox's charges and Senator Reed, Democrat of Missouri, countered with the assertion that any "expression of opinion at this time is indecent."

Senator Reed today asked that Charles Piez, former president of the emergency fleet corporation and now chairman of the Republican ways and means committee in Chicago be subpoened tomorrow to tell of the fund drive in this city. The Missouri senator also asked that William Wrigley, Jr., and Frederick Barber, the latter of whom is the $600 a week director of the Chicago drive be summoned.

Today's testimony revealed that the practice of Republican state workers of boosting the quotas assigned them by the national committee was general in many states.

"A quota," Charles Mavity former director of the West Virginia campaign and now holding a similar post in Iowa, explained "is a target at which we shoot, but we don't expect to hit. Mavity and other witnesses told how they increased and sometimes doubled the figures assigned them to raise. They revealed that Governor Cox's figures of quotas in many cities were correct but that these figures were those they personally had set and not those supplied by Fred W. Upham, national treasurer.

Mr. Mavity said Iowa's quota was $50,000 for state purposes and $75,000 for the national cammpaign but that Charles McNider, Mason City, Iowa, the state ways and means chairman, apportioned county quotas which totalled $200,000.

Assumes Responsibility.

Mr. Upham recalled to the stand, said he took full responsibility for the plan outlined in Form 101 to set aside Chairman Will Hays' limit of $1,000 on contributions and substitute a limit of $10,000.

The national ways and means committee, however, vetoed the proposal, he said.

Mr. Upham defended the work of Harry M. Blair and other former Y. M. C. A. secretaries who are his assistants.

"You can assume responsibility for the 'psalm singers' " Senator Pomerene said.

"I do and I am proud of the work my ex-Y. M. C. A., campaigners are doing," said Mr. Upham. "I believe that on the showing here of results I could, as a business man, get the job raising the Democratic campaign fund and when they re-organize their finances I think they will adopt our system."

He pointed out that hitherto the east has always paid the bills of both parties.

"But up to date two-thirds of our funds have come from what New York considers the west" he said. "That fact, I think is a pretty good argument that we are getting away from what is called the Wall Street influence, and about which we have heard so much here."

Use of Name Unauthorized.

Edmond H. Moore, Governor Cox's personal representative was called to the stand and asked concerning reports that liquor interests in Ohio had supported the Democratic nominee in the gubernatorial nomination.

Mr. Moore denied any knowledge of the charges and said the use of his name in a prospectus of the association opposed to National prohibition was unauthorized.

The statement issued by Senator Edge tonight declared:

"I am convinved that the committee is simply becoming the vehicle for all types of insincere political charges and rumors for partisan effect."

In his opinion he continued,

SWEDISH WORKERS ADVISED AGAINST GOING TO RUSSIA

People Punished if Found With Pound of Potatoes

BACON BRINGS ENORMOUS PRICES

WASHINGTON, Sept. 10. — Swedish workers have been advised against emigrating to Russia by a committee representing the Swedish metal trades which went to Russia last May to inquire into labor conditions there with a view to the emigrating of Swedish skilled workers to Russia.

Industries in the Ural, the committee reported are "deplorably mismanaged," many mines full of water, factory equipment stolen and the people apathetic and despondent.

The Bolsheviki authorities in Petrograd, according to Baltic advicies received by the state department today, regard civilians who seek food for themselves as "food speculators' and the extraordinary commission, vested with absolute powers have adopted a merciless policy in dealing with such cases. A sentence of three years at hard labor is threatened by the soviet to all persons found carrying as much as a pound of potatoes for their own use.

Petrograd Food Shops Closed.

The markets and food shops of Petrograd are kept closed by orders of the authorities and smuggling of food supplies is common.

The food situation in Petrograd is described as steadily growing worse.

Capital punisment has been evoked under the arbitrary powers of the soviet to deal with spies and those charged with counter-revolutionary activities and even those charged with being "confirmed speculators" and "thieves.' Peasants who seek to recover grain requistioned from them by the soviet government are punishable with death and other offenses with imprisonment at hard labor. A small amount of bacon smuggled into Petrograd was recently put on sale there at 8,000 rubles a pound, advices state.

PRODUCTION OF GOLD AND SILVER DECLINED LAST YEAR

California Again Led in the Production of Gold

MONTANA LEADS IN SILVER PRODUCTION

WASHINGTON, Sept. 10.—Production of both gold and silver declined last year, Director of the Mint Baker announced tonight in making public revised figures which showed the production to have been:

Gold, $60,333,400.

Silver, $63,533,652.

In fine ounces, the output totaolled 2,918,528 of gold and 56,682,445 of silver.

The director placed the loss in the production of gold as compared with the previous year at $8,313,300 while the slump in silver mining reduced the output by 11,127,000 ounces.

California led in the production of gold, the state's output being 841,638 ounces worth $17,398,200.

Colorado ranked second with a gold production valued at $10,249,300.

Alaska produced 481,984 ounces valued at $9,963,500.

Montana was the leading state in the production of silver with an output of 15,012,000 ounces, worth on the current market about $16,300,000.

GIRL DISAPPEARS FROM GOVERNESS

GLOUCESTER, Mass., Sept. 10 —Miss Louisa Fletcher, 17 years old, daughter of Mr. and Mrs. Stoughton A. Fletcher of Indianapolis was sought by the police today. The girl, who has been in the care of a governess at the family home at Grapevine Cove, disappeared yesterday.

A fisherman said he had seen a young woman cut off her hair and change her clothing, apparently putting on a pair of overalls. Others on the water front reported to the police that they saw some one in overalls with a pair of oars going over the rocks near a point from which a row boat disappeared over night.

MAIL PLANES LAND AT DIXON

DIXON, Ill., Sept. 10.—Three mail planes were forced to land in the vicinity of Dixon this morning by the heavy fog which delayed them until nearly noon. The Chicago-Omaha plane, pilot, A. L. Jewett, and a plane being "ferried" thru from New York to San Francisco ih charge of Pilot Hukings for use in the trans-continental mail service, met a few miles west of Dixon and were forced to land in a pasture. Another mail plane being "ferried" thru to Cheyenne, in charge of Pilot Lange, was forced to the ground east of this city. All "hopped off" at noon.

REPUBLICANS HAD PART IN LEAGUE COVENANT SAYS COX

Amendments of Taft, Hughes and Root Are Adopted

TALKS ABOUT CAMPAIGN FUND

WALLA WALLA, Wash., Sept. 10.—Defense of the league of nations shared with discussion with Republican campaign methods the attention of Governor Cox of Ohio, Democratic candidate for the presidency, in his address here this evening.

The governor arrived aboard a special train from Spokane, where he entered the state from Montana today and delivered here the third set address of the day. He had spoken twice this forenoon at Spokane, once to a crowd of first voters and again at the inter-state fair and late this afternoon at Pasco.

Governor Cox declared that the league of nations, instead of being a British league or a Wilson league, as he said the Republicans have charged, is really the product of certainly "no less than 500 of the best minds in all the civilized nations."

He declared that several of the leaders of the Republican party had an active part in its formation, mentioning in this connection former President Taft, former United States Supreme Justice Hughes and Elihu Root.

"Ex-President Taft offered four amendments all of which were adopted," he declared. "Judge Hughes offered seven amendments, five of which were adopted. Elihu Root suggested six amendments and the substance of five of these found their way into the final covenant, in several instances Mr. Root's exact words being introduced.

Root Approved Article Ten?

"Mr. Root even approved the inclusion of Article X. for a period of five years. Does any Republican honestly think that if Mr. Root believed Article X would 'sacrifice our sovereignty' he would have advocated that we sell ourselves into political peonage for any period however brief.

"Demands that perjury be punished were reiterated here by the candidate in discussing testimony before the senatorial campaign investigating committee and he declared that present symptoms are pretty strongly suggesting the need of the same kind of remedy," as he said was applied in the case of Tweed, whom he declared the people sent to the penitentiary.

"Certain interests in America look on the government of the people as a business affair, pure and simple and they are determined to control it," he declared. "In the face of obvious obligation of law, Hays, the head of the 'money diggers' is still in charge. With scandal enveloping the affairs of the Republican headquarters, the presidential candidate is silent."

Givernor Cox will continue his tour thru Washington tomorrow, with speeches scheduled at Bellingham, Everett, Tacoma and Seattle.

CUBS SUBPOENAED BEFORE GRAND JURY

National League Baseball Players Will Be Quizzed About Gambling Charges — Will Investigate "Fixed" Game.

Chicago, Sept. 10.—Subpoenas for all members of the Chicago National League Baseball Club to appear before a grand jury in connection with charges of gambling in baseball which were ordered issued today are being held up, it was learned tonight.

The Chicago team, now playing in the east, does not return home for more than two weeks and consequently it is possible that only a few players may be called at the present time, it is said.

The grand jury which is investigating the alleged gambling, will convene Monday and will immediately call President Veeck of the Chicago club and other league officials.

Besides looking into the charges that a game between the Chicago and Philadelphia teams a few weeks ago was "fixed," for Philadelphia to win, the jury has been charged by Judge Charles A. McDonald with investigating every form of baseball gambling.

BANDIT KILLED IN PISTOL DUEL

BUNKER HILL, Ill., Sept. 10. —One bandit was killed and another seriously wounded in a pistol battle with deputy sheriffs last night when four men attempted to rob a farm house four miles north of here.

Two of the men escaped uninjured and tonight are reported speeding away in an automobile with the dead man and their wounded companion. The police of all towns between Bunker Hill and St. Louis have been requested watch for them.

Bulletins From Here and There

ROME, Sept. 10.—(By The Associated Press.)—Earthquake shocks continue causing more victims among the rescuers owing to falling masonry. Today there were shocks as far south as Cassino, near Naples. Apparently there was no serious damage nor victims, but the shocks produced great panic among the population which recalled ite experiences in the earthquakes of 1915.

LONDON, Sept. 10.—Soviet Russia's delegation to the forthcoming Russian-Polish conference at Riga wil be headed by Adolph Joffe, former Russian ambassador to Germany. Three of the other members will be M. Ibolenski, —Manu Ilski and Kiroff. Two experts, Prof. Bagolepoff and M. Novitski, and three secretaries will accompany the delegates.

DES MOINES, Iowa, Sept. 10. —A budget totalling $280,182 to cover expenses in Iowa during the coming year was proposed today at the state meeting of the county advisory boards of the Salvation Army. Of this sum $110,000 is to be for the erection of an administration building and young men's boarding home for working girls.

EL PASO, Texas, Sept 10.—The next big southwestern automobile road race, will be run the latter part of February, 1921, instead of November, as previously announced. The race will be from El Paso to San Diego, California, instead of Phoenix, Ariz. The first prize will be $15,000.

EASTPORT, Maine, Sept. 10— Franklin D. Roosevelt, Democratic candidate for vice-president left tonight for his home at Estes Park, N. Y., to attend the funeral of his uncle, Warren Delano. Mr. Delano was killed yesterday at Barrytown, N. Y. when a horse which he was driving became frightened by an approaching train and dashed in front of it

TRADES CONGRESS CANNOT HELP LORD MAYOR MACSWINEY

So Official Tells Sister of Hunger Striker

NOT HALF MILLION WOULD LEAVE WORK

LONDON, Sept. 10.—The Gaelic League's bulletin issued late this afternoon says:

"Lord Mayor MacSwiney grows weaker. He suffers much pain but his mind is perfectly clear." A bulletin issued at 8 o'clock tonight by the League said: "Lord Mayor MacSwiney is very low. The severe pain in his limbs and body continues.'

This was the 29th day of the lord mayor's hunger strike. Mary MacSwiney, sister of the prisoner, when leaving the prison this afternoon, told the newspapermen that her brother was able to speak to her this morning. He asked her what day it was.

"When I said, it was Friday, the tenth,' said Miss MacSwiney, "Terence said: "It is the beginning of the fifth week of my hunger strike.' "

Referring to her visit to Portsmouth yesterday, Miss MacSwiney said the labor officials at the Trades' Union congress definitely refused to give her a hearing. She afraid of her urging direct action for the purpose of obtaining the lord mayor's release.

"I did not want to urge direct action," she declared. "I only desired to have three minutes of plain talk with the representatives of six and a half millions of working people of England. I was told that if a strike was called tomorrow they would not be able to get a half million of men to leave work."

Many Fasting Records.

New York, Sept. 10.—Search of scientific records here today revealed several instances where persons have undergone voluntary fasts of from 31 to 45 days duration without appreciable injurious effects. Some of the fasters were "professionals" but many others volunteered to abstain from feeding as scientific subjects the records show.

The longest officially authorizedast on record for scientific purposes, according to Dr. Francis C. was told by an official that the congress could not help her, and she said she thought they were Benodict of the Carnegie Nutruition Laboratory of Boston was that undertaken by Succi, the Italian professional faster in New York starting November 6, 1890, and lasting 45 days.

The man suffered no ill efefects, the report said, altho he had undergone previous fasts in Europe ranging from 20 to 40 days each

REFUSED PERMISSION TO VISIT IRELAND

NEW YORK, Sept. 10.—Assistant District Attorney Alexander I. Rorke, who returned from Europe today on the Adriatic, said he intended to take up with Secretary of State Colby the refusal of the British government to permit him to go to Ireland. Mr. Rorke sailed on the Baltic with Archbishop Mannix.

A number of American citizens, he said, were put to much inconvenience because the steamship was diverted to Liverpool and not prmitted to touch at Queenstown the port to which they had purchased tickets.

MUST HAVE WARRANT TO SEIZE LIQUOR

New York, Sept. 10.—Federal Judge Garvin in Brooklyn today upheld United States Commissioners' decisions that seizure of liquors without a search warrant is a "clear violation of the fourth amendment to the constitution."

FRENCH POLICE INVESTIGATING THOMAS DEATH

Would Question Jack Pickford, Husband of Miss Thomas

HE IS SAID TO BE IN BAD HEALTH

PARIS, Sept. 10.—The French police have begun a thoro investigation into the death of Olive Thomas,, an American motion picture actress who succumbed this morning to poison taken, it is said, by mistake, several days ago.

The authorities have issued a permit for the embalming of the body, but as yet have not sanctioned its shipment to the United States on board the steamhip Mauretania sailing from Cherbourg, September 18.

Investigation also is being made by the police of sinister rumors of cocaine orgies intermingled with champagne dinners which lasted into the early hours of the morning ,that have been afloat in the American colony and among the habitues of the French cinema world during the past week.

Tonight in the Sante prison the police were closely questioning a man named Spalding, said to be a former American army captain, who was sentenced to six months in jail last Monday for vending cocaine.

Will Pickford Pickford.

In connection with the death of Miss Thompson the police say they desire to interview Jack Pickford, a motion picture actor and husband of Miss Thomas, and also a woman friend of the actress who is said to have accompanied Miss Thomas during her last pilgrimage to the Mont Martre district Saturday evening. Mr. Pickford today left the Ritz-Hotel where he had been stopping, and has taken up quarters in the Hotel Crillon. He declined to receive visitors today. The prysician who is in attendance on Mr. Pickford said he was in very bad state of health.

Police Commissioner Bucrocq said tonight that he had entrusted the investigation of the death of Miss Thomas to Captain of Police Calrou of the first district. When questioned concerning the case Cautain Calrou said he had not concluded his inquiry. He had receieved the testimony of the waiters, porters and chambermaids at the Ritz Hotel where Miss Thomas is said to have taken the poison, but had been unable as yet to obtain Mr. Pickford's account of the affair.

Several of the Monte Matre resorts which Miss Thomas visited Saturday were the subject of a close examination today.

ENGLISH COAL SITUATION CRITICAL

LONDON, Sept. 10.—Little hope was held out in official circles this morning that a solution of the coal crisis would be ended in the near future. It is stated that the government does not intend to deviate from the terms offered by Sir Robert Horne and that these still remain open to the miners.

Meanwhile from Portsmouth, where the trades union congress is in session, comes word that the miners are resolute in their intention not to alter their claims. Active preparations are being made by heads of government departments to deal with a strike situation should it arise.

BONDS STOLEN FROM SOUTHERN RAILWAY TRAIN

Atlanta, Ga., Sept. 10.—A shipment of bonds understood to be valued at $50,000 ,was stolen from the Southern Railway train near Cornelia, Ga., last night, according to dispatches received today. It was reported from Cornelia the pounch was enroute from an Atlanta to a New York bank.

PRESIDENT WILL NOT YIELD TO MINERS REQUEST

Tells Officials Government Cannot Yield One Iota

OFFICIALS PREDICT GENERAL VACATION

WASHINGTON, Sept. 10. — President Wilson defined the federal government's attitude towards the vacation strike in the anthracite coal industry in a message today to union leaders in which he declared that "we could not look the world in the face or justify our actions to our own people and our own conscience if we yielded one iota to the men in the anthracite coal fields."

The message was addressed to Philip Murray, vice president of the United Mine Workers and other union leaders and contained an unqualified refusal by the president to accede to their request that he bring about a renewal of negotiations with the employers over wage scales.

Are Violating Contracts

Citing the history of the strike trouble in the mines and the report of the government wage board created to fix new scales, whose award the men have refused to accept, the president said the men were violating contracts entered into between themselves, the coal operators and the government.

He expressed appreciation for the stand of union officials against the strike but asserted that the miners were "not deceiving anybody" by tactics which had produced a "strike, no matter what name is given it."

The sanctity of contract agreements the president indicated would be upheld by the United States government in domestic as well as international matters.

Will All Be On Vacation

Scranton, Pa., Sept. 10.—Within three days every anthracite worker will be on "vacation" according to leaders of the vacation movement. This action they say will be the miners' answer to President Wilson's refusal to reopen the award of the anthracite commission which failed to satisfy the workers.

Enoch Williams, chairman of the joint grievance committee of the Delaware, Lackawanna and Western Coal company, and also leader of the insurgents in the Scrnton district, said that the refusal of the president to re-open the case will result in one of the hardest fought industrial struggles ever waged in the country.

"Men who have been remaining at work have been doing so in the belief that the president would re-open the case and make it possible for the anthracite mine workers to be granted concessions similar to those won by the bituminous workers," he said. "The lines are now firmly drawn and the mine worker who continues at work under the award as handed down by the majority members of the commission is not true to himself, the union or his family.

"There are more men out today in the Scranton district than ever and I expect that the whole industry will be tied up in the district by tomorrow or Monday," he concluded.

CHINESE KILLS CHEYENNE FIREMAN

Had Been Placed Under Arrest on Suspicions of Entering Country Illegally — Also Critically Wounds Federal Officer.

Cheyenne, Wyo., Sept. 10. — John S. Federhan, a member of the Cheyenne fire department, was shot and instantly killed and Tom Holland of Cheyenne, a department of justice agent, was critically wounded this afternoon by E. Yee Geow, a Chinese alleged to have entered the United States illegally. Holland, in company with W. R. Mansfield, of Denver, federal immigration inspector for this district, arrested Yee Geow who was unable to produce papers to show that he had permission to enter the United States.

After they had proceeded a short distance toward the jail, Yee Geow pulled a revolver and shot Holland. He then turned on Mansfield. Mansfied ran into a fire station. As he entered he shouted that a man was chasing him, trying to kill him.

As the firemen started out thru one door, the Chinese entered and began firing. His first shot struck Federhan. The other firemen overpowered him and took him to jail.

IOWA CROP REPORT

Des Moines, Ia., Sept. 10.—The fall apple crop will be 68 per cent fo a full crop and the yield of the winter apples, 61 per cent in this state, according to the September fruit crop report of R. S. Herrick, secretary of the horticultural society issued today. Other crops are listed as follows: Grapes, 82; per cent; peaches, 27; plums, 57; pears, 84.

MYSTERY GROWS OUT OF POTOMAC RIVER DROWNING

Husband of Missing Woman is Held by the Police

FIRST HUSBAND IS INTERESTED

WWASHINGTON, Sept. 10.—Failure to recover the body of Mrs. Gertrude Viger Kuehling and the discovery of several circumstances regarded by the police as worthy of investigation today converted her husband's story of drowing while canoeing with him on the Potomac river Wednesday night into one of some mystery.

Roy Harper Kuehling the husband was held by the police for investigation and preparations have been made to drive two tugs up the river tomorrow in an effort to so stir up the waters, so the body, if there, may be brought to the surface.

Interest has been added to the case by the discovery that Mrs. Kuehling, who was the divorced wife of George Osgood, of Detroit and one of the heirs to the million-dollar estate of Elizabeth Chapelon of that city, recently had asked an attorney to file suit for divorce against her second husband. The first husband arrived in Washington to assist in running out the many threads, assigning as his motive the interests of their three-year-old child.

Kuehling's story given to the police was that he lost control of the canoe in a bad stretch of water and in the darkness he lost all track of his wife, wasting much of the time, in which she might have been saved in fumbling at a fur coat under the cap sized boat and which a few minutes before his wife, he said, had worn thrown over her shoulders.

MILLIONS ARE PAYING INCOME TAX THIS YEAR

Majority Prefer to Pay on the Installment Plan

THIRD INSTALLMENT DUE SEPTEMBER 15

WASHINGTON, Sept. 10. — More than 5,600,000 firms and individuals are paying income taxes this year, according to figures made public tonight by the bureau of internal revenue. These figures also reveal that practically 3,000,000 taxpayers have already paid their income taxes in full.

The bureau's statement shows that 4,900,000 persons are paying income taxes on incomes of $5,000,000 or less and that fewer than 600,000 of this number have not paid the taxes in full chosing the alternative method of payment by installments. Individual returns for incomes in excess of $5,000 including those individuals and firms, numbered 700,000. Approximately half of this number have paid all income taxes to the government in the first two tax installments the bureau figures show.

Nearly 350,000 corporations have filed income tax returns, but only 65,000 have paid their taxes in full. Commissioner Williams in the statement also called attention that the third installment of income and profit taxes comes on September 15.

DOG SAVES LIFE OF YOUNG WOMAN

MEMPHIS, Tenn., Sept. 10.— A young married woman, 19 years old, in a hospital here today owes her life to a brown cur dog, who, after she had been attacked by an unidentified white man, and knocked half conscious into a pool of water, went to her assistance and held her head above the surface until help arrived.

The woman, who resides beyond the outskirts of the city, was alone when the man accosted her. Fearing harm, she fled but was overtaken near an excavation filled with water to a depth of nearly two feet. Her assailant struck her on the head and she fell into the pool. The dog, who had followed jumped in after her and with her clothing clamped between its jaws, stood by until the crew of a passing freight train discovered her plight. She said she must have been in the water at least half an hour.

WILL INVESTIGATE BUILDING SHORTAGE

SPRINGFIELD, Ill., Sept. 10— Investigation of the building situation in Illinois, to determine causes and possible remedies for the existing shortage and high costs of materials, will be undertaken by the executive committee of the Illinois Building Contractors' association in conjunction with kindred organizations, it was decided at the closing session of the association's semi-annual convention here today.

An effort will be made to determine what is necessary to stimulate an early resumption of building activity in the state.

Officers of the association will be elected at February meeting.

HARDING PRAISES ATTAINMENTS OF NEGRO CITIZENS

Says Federal Government Will Not Fail Them

PERSHING ALSO TALKS TO DELEGATIONS

MARION, O., Sept. 10.—Five delegations of negro Republicans, representing various organizations of the race in North and South, gathered at Senator Harding's front porch today and pledged him their support in several hours of characteristic demonstrations and oratory.

In response the Republican nominee made two speeches praising the loyalty and attainments of the nation's negro citizenry and promising that the federal government will not fail the American negro.

He asked that they make service to country the every day standard of their citizenship, and declared his abhorrence of the use of "brutal and unlawful violence," against the black race or any other class.

Conventions of negro Baptists in session at Columbus and Indianapolis sent the largest delegations and a camp meeting spirit ruled the day's celebration. The first group came singing "Harding will shine tonight" in a parody of a revival hymn, and "amens" and "Hallelujahs" floated heavenward with "Oh, Boy's" and "You Tell 'Em" as the succession of orators poured out their professions of loyalty to the party of Lincoln and Grant.

A prayer opened the afternoon, which had lasted for nearly two hours before Senator Harding was reached on the program. Then the visitors flocked up the front steps of the Harding residence and kept the candidate busy for a half hour shaking hands.

Women Promise Votes.

Two hundred thousand votes from negro voters were promised the senator by the women speakers one of whom praised his stand for party government and said the women of her race would claim representation in the government in proportion to their numbers.

At both the morning and afternoon celebration General John J. Pershing an overnight guest at the Harding home was an added attraction and helped stir the enthusiasm of the visitors. To each crowd he made a short speech praising the service of negro soldiers in the war but not touching on political issues.

One of thase who conferred with the senator during the day was William Monroe Trotter of Boston, executive secretary of the National Equal Rights League. He asked that segregation of negro employes of the federal government be abolished and declared afterwards that the nominee had given the request appreciative consideration.

Tomorrow Senator Harding will speak to delegations of business men from Chicago, Detroit a nd Indiana cities, and is expected to make one of the important speeches of his campaign, outlining his stand on business issues and his ideas for after war financial reconstruction.

STUDENT HOUSING SITUATION SERIOUS

ANN ARBOR, Mich., Sept. 10. —President Burton of the University of Michigan today recommended to the board of regents the purchase of barracks from Camp Custer, soon to be dismantled to meet the student housing situation here.

According to Dr. Burton, nearly 12,000 students are expected to enter the university this fall. Rooms are not available for all of them, while rooms that are to be had, he said, are being held at unreasonably high rentals.

NO MORE WHISKEY IN MEDICINES

Chicago, Sept. 10. — Manufacturers of medicinal preparations in which whiskey is used, as an ingredient were ordered today to stop the manufacture of such medicines, according to a ruling from Washington received by R. W. Stone, Illinois physician director.

UPHAM BELIEVES DEMOCRATS WILL ADOPT HIS PLAN

Thinks He Should be Given Job to Raise Their Funds

SENATOR EDGE ISSUES STATEMENT

CHICAGO, Sept. 10.—Investigation of the Republican campaign to raise funds in Chicago tomorrow will complete the hearing of the senate committee's inquiry into the charges of Governor Cox that the Republicans were seeking to corrupt the electorate by soliicting $15,000,000 for campaign purposes.

The committee plans to recess tomorrow night to meet again September 22 in some eastern city, the place to be selected by Chairman Kenyon. The Democratic members want to go to New York and pursue the investigation of the Cox charges there, while the Republicans favor removing to Pittsburgh to look into reports that the liquor interests are taking an active part in the Democratic nominee's campaign.

Committeemen Differ.

The widely divergent views of the committeemen as to the results of hearings were accented tonight when Senator Edge, Republican of New Jersey, issued a formal statement asserting the Democrats had failed to substantiate Governor Cox's charges and Senator Reed, Democrat of Missouri, countered with the assertion that any "expression of opinion at this time is indecent."

Senator Reed today asked that Charles Piez, former president of the emergency fleet corporation and now chairman of the Republican ways and means committee in Chicago be subpoened tomorrow to tell of the fund drive in this city. The Missouri senator also asked that William Wrigley, Jr., and Frederick Barber, the latter of whom is the $600 a week director of the Chicago drive be summoned.

Today's testimony revealed that the practice of Republican state workers of boosting the quotas assigned them by the national committee was general in many states.

"A quota," Charles Mavity former director of the West Virginia campaign and now holding a similar post in Iowa, explained "is a target at which we shoot, but we don't expect to hit. Mavity and other witnesses told how they increased and sometimes doubled the figures assigned them to raise. They revealed that Governor Cox's figures of quotas in many cities were correct but that these figures were those they personally had set and not those supplied by Fred W. Upham, national treasurer.

Mr. Mavity said Iowa's quota was $50,000 for state purposes and $75,000 for the national cammpaign but that Charles McNider, Mason City, Iowa, the state ways and means chairman, apportioned county quotas which totalled $200,000.

Assumes Responsibility.

Mr. Upham recalled to the stand, said he took full responsibility for the plan outlined in Form 101 to set aside Chairman Will Hays' limit of $1,000 on contributions and substitute a limit of $10,000.

The national ways and means committee, however, vetoed the proposal, he said.

Mr. Upham defended the work of Harry M. Blair and other former Y. M. C. A. secretaries who are his assistants.

"You can assume responsibility for the 'psalm singers' " Senator Pomerene said.

"I do and I am proud of the work my ex-Y. M. C. A., campaigners are doing,' said Mr. Upham. "I believe that on the showing here of results I could, as a business man, get the job raising the Democratic campaign fund and when they re-organize their finances I think they will adopt our system."

He pointed out that hitherto the east has always paid the bills of both parties.

"But up to date two-thirds of our funds have come from what New York considers the west" he said. "That fact, I think is a pretty good argument that we are getting away from what is called the Wall Street influence, and about which we have heard so much here."

Use of Name Unauthorized.

Edmond H. Moore, Governor Cox's personal representative was called to the stand and asked concerning reports that liquor interests in Ohio had supported the Democratic nominee in the gubernatorial nomination.

Mr. Moore denied any knowledge of the charges and said the use of his name in a prospectus of the association opposed to National prohibition was unauthorized.

The statement issued by Senator Edge tonight declared:

"I am convinved that the committee is simply becoming the vehicle for all types of insincere political charges and rumors for partisan effect."

In his opinion he continued,

SWEDISH WORKERS ADVISED AGAINST GOING TO RUSSIA

People Punished if Found With Pound of Potatoes

BACON BRINGS ENORMOUS PRICES

WASHINGTON, Sept. 10. — Swedish workers have been advised against emigrating to Russia by a committee representing the Swedish metal trades which went to Russia last May to inquire into labor conditions there with a view to the emigrating of Swedish skilled workers to Russia.

Industries in the Ural, the committee reported are "deplorably mismanaged," many mines full of water, factory equipment stolen and the people apathetic and despondent.

The Bolsheviki authorities in Petrograd, according to Baltic advicies received by the state department today, regard civilians who seek food for themselves as "food speculators' and the extraordinary commission, vested with absolute powers have adopted a merciless policy in dealing with such cases. A sentence of three years at hard labor is threatened by the soviet to all persons found carrying as much as a pound of potatoes for their own use.

Petrograd Food Shops Closed.

The markets and food shops of Petrograd are kept closed by orders of the authorities and smuggling of food supplies is common.

The food situation in Petrograd is described as steadily growing worse.

Capital punisment has been evoked under the arbitrary powers of the soviet to deal with spies and those charged with counter-revolutionary activities and even those charged with being "confirmed speculators" and "thieves.' Peasants who seek to recover grain requistioned from them by the soviet government are punishable with death and other offenses with imprisonment at hard labor. A small amount of bacon smuggled into Petrograd was recently put on sale there at 8,000 rubles a pound, advices state.

PRODUCTION OF GOLD AND SILVER DECLINED LAST YEAR

California Again Led in the Production of Gold

MONTANA LEADS IN SILVER PRODUCTION

WASHINGTON, Sept. 10.—Production of both gold and silver declined last year, Director of the Mint Baker announced tonight in making public revised figures which showed the production to have been:

Gold, $60,333,400.

Silver, $63,533,652.

In fine ounces, the output totaolled 2,918,528 of gold and 56,682,445 of silver.

The director placed the loss in the production of gold as compared with the previous year at $8,313,300 while the slump in silver mining reduced the output by 11,127,000 ounces.

California led in the production of gold, the state's output being 841,638 ounces worth $17,398,200.

Colorado ranked second with a gold production valued at $10,249,300.

Alaska produced 481,984 ounces valued at $9,963,500.

Montana was the leading state in the production of silver with an output of 15,012,000 ounces, worth on the current market about $16,300,000.

GIRL DISAPPEARS FROM GOVERNESS

GLOUCESTER, Mass., Sept. 10 —Miss Louisa Fletcher, 17 years old, daughter of Mr. and Mrs. Stoughton A. Fletcher of Indianapolis was sought by the police today. The girl, who has been in the care of a governess at the family home at Grapevine Cove, disappeared yesterday.

A fisherman said he had seen a young woman cut off her hair and change her clothing, apparently putting on a pair of overalls. Others on the water front reported to the police that they saw some one in overalls with a pair of oars going over the rocks near a point from which a row boat disappeared over night.

MAIL PLANES LAND AT DIXON

DIXON, Ill., Sept. 10.—Three mail planes were forced to land in the vicinity of Dixon this morning by the heavy fog which delayed them until nearly noon. The Chicago-Omaha plane, pilot, A. L. Jewett, and a plane being "ferried" thru from New York to San Francisco in charge of Pilot Hukings for use in the trans-continental mail service, met a few miles west of Dixon and were forced to land in a pasture. Another mail plane being "ferried" thru to Cheyenne, in charge of Pilot Lange, was forced to the ground east of this city. All "hopped off" at noon.

REPUBLICANS HAD PART IN LEAGUE COVENANT SAYS COX

Amendments of Taft, Hughes and Root Are Adopted

TALKS ABOUT CAMPAIGN FUND

WALLA WALLA, Wash., Sept. 10.—Defense of the league of nations shared with discussion with Republican campaign methods the attention of Governor Cox of Ohio, Democratic candidate for the presidency, in his address here this evening.

The governor arrived aboard a special train from Spokane, where he entered the state from Montana today and delivered here the third set address of the day. He had spoken twice this forenoon at Spokane, once to a crowd of first voters and again at the inter-state fair and late this afternoon at Pasco.

Governor Cox declared that the league of nations, instead of being a British league or a Wilson league, as he said the Republicans have charged, is really the product of certainly "no less than 500 of the best minds in all the civilized nations."

He declared that several of the leaders of the Republican party had an active part in its formation, mentioning in this connection former President Taft, former United States Supreme Justice Hughes and Elihu Root.

"Ex-President Taft offered four amendments all of which were adopted," he declared. "Judge Hughes offered seven amendments, five of which were adopted. Elihu Root suggested six amendments and the substance of five of these found their way into the final covenant, in several instances Mr. Root's exact words being introduced.

Root Approved Article Ten?

"Mr. Root even approved the inclusion of Article X, for a period of five years. Does any Republican honestly think that if Mr. Root believed Article X would 'sacrifice our sovereignty' he would have advocated that we sell ourselves into political peonage for any period however brief.

"Demands that perjury be punished were reiterated here by the candidate in discussing testimony before the senatorial campaign investigating committee and he declared that present symptoms are pretty strongly suggesting the need of the same kind of remedy," as he said was applied in the case of Tweed, whom he declared the people sent to the penitentiary.

"Certain interests in America look on the government of the people as a business affair, pure and simple and they are determined to control it," he declared. "In the face of obvious obligation of law, Hays, the head of the 'money diggers' is still in charge. With scandal enveloping the affairs of the Republican headquarters, the presidential candidate is silent."

Givernor Cox will continue his tour thru Washington tomorrow, with speeches scheduled at Bellingham, Everett, Tacoma and Seattle.

CUBS SUBPOENAED BEFORE GRAND JURY

National League Baseball Players Will Be Quizzed About Gambling Charges — Will Investigate "Fixed" Game.

Chicago, Sept. 10.—Subpoenas for all members of the Chicago National League Baseball Club to appear before a grand jury in connection with charges of gambling in baseball which were ordered issued today are being held up, it was learned tonight.

The Chicago team, now playing in the east, does not return home for more than two weeks and consequently it is possible that only a few players may be called at the present time, it is said.

The grand jury which is investigating the alleged gambling, will convene Monday and will immediately call President Veeck of the Chicago club and other league officials.

Besides looking into the charges that a game between the Chicago and Philadelphia teams a few weeks ago was "fixed," for Philadelphia to win, the jury has been charged by Judge Charles A. McDonald with investigating every form of baseball gambling.

BANDIT KILLED IN PISTOL DUEL

BUNKER HILL, Ill., Sept. 10. —One bandit was killed and another seriously wounded in a pistol battle with deputy sheriffs last night when four men attempted to rob a farm house four miles north of here.

Two of the men escaped uninjured and tonight are reported speeding away in an automobile with the dead man and their wounded companion. The police of all towns between Bunker Hill and St. Louis have been requested watch for them.

Bulletins From Here and There

ROME, Sept. 10.—(By The Associated Press.)—Earthquake shocks continue causing more victims among the rescuers owing to falling masonry. Today there were shocks as far south as Cassino, near Naples. Apparently there was no serious damage nor victims, but the shocks produced great panic among the population which recalled ite experiences in the earthquakes of 1915.

ST. LOUIS, Sept. 10.—Luther C. Steward of Kansas City, Mo., and E. J Newmyer of Washington today wer reeelcted president and secretary - treasurer respectively of the National Fedtration of Federal Employes in convention here.

LONDON, Sept. 10.—Soviet Russia's delegation to the forthcoming Russian-Polish conference at Riga wil be headed by Adolph Joffe, former Russian ambassador to Germany. Three of the other members will be M. Ibolenski, —Manu Ilski and Kiroff. Two experts, Prof. Bagolepoff and M. Novitski, and three secretaries will accompany the delegates.

DES MOINES, Iowa, Sept. 10. —A budget totalling $280,182 to cover expenses in Iowa during the coming year was proposed today at the state meeting of the county advisory boards of the Salvation Army. Of this sum $110,000 is to be for the erection of an administration building and young men's boarding home for working girls.

EL PASO, Texas, Sept 10.—The next big southwestern automobile road race, will be run the latter part of February, 1921, instead of November, as previously announced. The race will be from El Paso to San Diego, California, instead of Phoenix, Ariz. The first prize will be $15,000.

EASTPORT, Maine, Sept. 10—Franklin D. Roosevelt, Democratic candidate for vice-president left tonight for his home at Estes Park, N. Y., to attend the funeral of his uncle, Warren Delano. Mr. Delano was killed yesterday at Barrytown, N. Y, when a horse which he was driving became frightened by an approaching train and dashed in front of it

TRADES CONGRESS CANNOT HELP LORD MAYOR MACSWINEY

So Official Tells Sister of Hunger Striker

NOT HALF MILLION WOULD LEAVE WORK

LONDON, Sept. 10.—The Gaelic League's bulletin issued late this afternoon says:

"Lord Mayor MacSwiney grows weaker. He suffers much pain but his mind is perfectly clear." A bulletin issued at 8 o'clock tonight by the League said: "Lord Mayor MacSwiney is very low. The severe pain in his limbs and body continues.'

This was the 29th day of the lord mayor's hunger strike. Mary MacSwiney, sister of the prisoner, when leaving the prison this afternoon, told the newspapermen that her brother was able to speak to her this morning. He asked her what day it was.

"When I said, it was Friday, the tenth,' said Miss MacSwiney, "Terence said: "It is the beginning of the fifth week of my hunger strike.' '

Referring to her visit to Portsmouth yesterday, Miss MacSwiney said the labor officials at the Trades' Union congress definitely refused to give her a hearing. She afraid of her urging direct action for the purpose of obtaining the lord mayor's release.

"I did not want to urge direct action," she declared. "I only desired to have three minutes of plain talk with the representatives of six and a half millions of working people of England. I was told that if a strike was called tomorrow they would not be able to get a half million of men to leave work."

Many Fasting Records.

New York, Sept. 10.—Search of scientific records here today revealed several instances where persons have undergone voluntary fasts of from 31 to 45 days duration without appreciable injurious effects. Some of the fasters were "professionals" but many others volunteered to abstain from feeding as scientific subjects the records show.

The longest officially authorized fast on record for scientific purposes, according to Dr. Francis C. was told by an official that the congress could not help her, and she said she thought they were Benedict of the Carnegie Nutrition Laboratory of Boston was that undertaken by Succi, the Italian professional faster in New York starting November 6, 1890, and lasting 45 days.

The man suffered no ill efefects, the report said, altho he had undergone previous fasts in Europe ranging from 20 to 40 days each

REFUSED PERMISSION TO VISIT IRELAND

NEW YORK, Sept. 10.—Assistant District Attorney Alexander I. Rorke, who returned from Europe today on the Adriatic, said he intended to take up with Secretary of State Colby the refusal of the British government to permit him to go to Ireland. Mr. Rorke sailed on the Baltic with Archbishop Mannix.

A number of American citizens, he said, were put to much inconvenience because the steamship was diverted to Liverpool and not prmitted to touch at Queenstown the port to which they had purchased tickets.

MUST HAVE WARRANT TO SEIZE LIQUOR

New York, Sept. 10.—Federal Judge Garvin in Brooklyn today upheld United States Commissioners' decisions that seizure of liquors without a search warrant is a "clear violation of the fourth amendment to the constitution."

FRENCH POLICE INVESTIGATING THOMAS DEATH

Would Question Jack Pickford, Husband of Miss Thomas

HE IS SAID TO BE IN BAD HEALTH

PARIS, Sept. 10.—The French police have begun a thoro investigation into the death of Olive Thomas,, an American motion picture actress who succumbed this morning to poison taken, it is said, by mistake, several days ago.

The authorities have issued a permit for the embalming of the body, but as yet have not sanctioned its shipment to the United States on board the steamship Mauretania sailing from Cherbourg, September 18.

Investigation also is being made by the police of sinister rumors of cocaine orgies intermingled with champagne dinners which lasted into the early hours of the morning ,that have been afloat in the American colony and among the habitues of the French cinema world during the past week.

Tonight in the Sante prison the police were closely questioning a man named Spalding, said to be a former American army captain, who was sentenced to six months in jail last Monday for vending cocaine.

Will Pickford Pickford.

In connection with the death of Miss Thompson the police say they desire to interview Jack Pickford, a motion picture actor and husband of Miss Thomas, and also a woman friend of the actress who is said to have accompanied Miss Thomas during her last pilgrimage to the Mont Martre district Saturday evening. Mr. Pickford today left the Ritz-Hotel where he had been stopping, and has taken up quarters in the Hotel Crillon. He declined to receive visitors today. The prysician who is in attendance on Mr. Pickford said he was in very bad state of health.

Police Commissioner Bucrocq said tonight that he had entrusted the investigation of the death of Miss Thomas to Captain of Police Calrou of the first district. When questioned concerning the case Cautain Calrou said he had not concluded his inquiry. He had receieved the testimony of the waiters, porters and chambermaids at the Ritz Hotel where Miss Thomas is said to have taken the poison, but had been unable as yet to obtain Mr. Pickford's account of the affair.

Several of the Monte Matre resorts which Miss Thomas visited Saturday were the subject of a close examination today.

ENGLISH COAL SITUATION CRITICAL

LONDON, Sept. 10.—Little hope was held out in official circles this morning that a solution of the coal crisis would be ended in the near future. It is stated that the government does not intend to deviate from the terms offered by Sir Robert Horne and that these still remain open to the miners.

Meanwhile from Portsmouth, where the trades union congress is in session, comes word that the miners are resolute in their intention not to alter their claims. Active preparations are being made by heads of government departments to deal with a strike situation should it arise.

BONDS STOLEN FROM SOUTHERN RAILWAY TRAIN

Atlanta, Ga., Sept. 10.—A shipment of bonds understood to be valued at $50,000 was stolen from the Southern Railway train near Cornelia, Ga., last night, according to dispatches received today. It was reported from Cornelia the pounch was enroute from an Atlanta to a New York bank.

PRESIDENT WILL NOT YIELD TO MINERS REQUEST

Tells Officials Government Cannot Yield One Iota

OFFICIALS PREDICT GENERAL VACATION

WASHINGTON, Sept. 10. — President Wilson defined the federal government's attitude towards the vacation strike in the anthracite coal industry in a message today to union leaders in which he declared that "we could not look the world in the face or justify our actions to our own people and our own conscience if we yielded one iota to the men in the anthracite coal fields."

The message was addressed to Philip Murray, vice president of the United Mine Workers and other union leaders and contained an unqualified refusal by the president to accede to their request that he bring about a renewal of negotiations with the employers over wage scales.

Are Violating Contracts

Citing the history of the strike trouble in the mines and the report of the government wage board created to fix new scales, whose award the men have refused to accept, the president said the men were violating contracts entered into between themselves, the coal operators and the government.

He expressed appreciation for the stand of union officials against the strike but asserted that the miners were "not deceiving anybody" by tactics which had produced a "strike, no matter what name is given it."

The sanctity of contract agreements the president indicated would be upheld by the United States government in domestic as well as international matters.

Will All Be On Vacation

Scranton, Pa., Sept. 10.—Within three days every anthracite worker will be on "vacation" according to leaders of the vacation movement. This action they say will be the miners' answer to President Wilson's refusal to reopen the award of the anthracite commission which failed to satisfy the workers.

Enoch Williams, chairman of the joint grievance committee of the Delaware, Lackawanna and Western Coal company, and also leader of the insurgents in the Scrnton district, said that the refusal of the president to re-open the case will result in one of the hardest fought industrial struggles ever waged in the country.

"Men who have been remaining at work have been doing so in the belief that the president would re-open the case and make it possible for the anthracite mine workers to be granted concessions similar to those won by the bituminous workers," he said. "The lines are now firmly drawn and the mine worker who continues at work under the award as handed down by the majority members of the commission is not true to himself, the union or his family.

"There are more men out today in the Scranton district than ever and I expect that the whole industry will be tied up in the district by tomorrow or Monday," he concluded.

CHINESE KILLS CHEYENNE FIREMAN

Had Been Placed Under Arrest on Suspicions of Entering Country Illegally — Also Critically Wounds Federal Officer.

Cheyenne, Wyo., Sept. 10. — John S. Federhan, a member of the Cheyenne fire department, was shot and instantly killed and Tom Holland of Cheyenne, a department of justice agent, was critically wounded this afternoon by E. Yee Geow, a Chinese alleged to have entered the United States illegally. Holland, in company with W. R. Mansfield, of Denver, federal immigration inspector for this district, arrested Yee Geow who was unable to produce papers to show that he had permission to enter the United States.

After they had proceeded a short distance toward the jail, Yee Geow pulled a revolver and shot Holland. He then turned on Mansfield. Mansfied ran into a fire station. As he entered he shouted that a man was chasing him, trying to kill him.

As the firemen started out thru one door, the Chinese entered and began firing. His first shot struck Federhan. The other firemen overpowered him and took him to jail.

IOWA CROP REPORT

Des Moines, Ia., Sept. 10.—The fall apple crop will be 68 per cent fo a full crop and the yield of the winter apples, 61 per cent in this state, according to the September fruit crop report of R. S. Herrick, secretary of the horticultural society issued today. Other crops are listed as follows: Grapes, 82; per cent; peaches, 27; plums, 57; pears, 84.

MYSTERY GROWS OUT OF POTOMAC RIVER DROWNING

Husband of Missing Woman is Held by the Police

FIRST HUSBAND IS INTERESTED

WWASHINGTON, Sept. 10.—Failure to recover the body of Mrs. Gertrude Viger Kuehling and the discovery of several circumstances regarded by the police as worthy of investigation today converted her husband's story of drowing while canoeing with him on the Potomac river Wednesday night into one of some mystery.

Roy Harper Kuehling the husband was held by the police for investigation and preparations have been made to drive two tugs up the river tomorrow in an effort to so stir up the waters, so the body, if there, may be brought to the surface.

Interest has been added to the case by the discovery that Mrs. Kuehling, who was the divorced wife of George Osgood, of Detroit and one of the heirs to the million-dollar estate of Elizabeth Chapelon of that city, recently had asked an attorney to file suit for divorce against her second husband. The first husband arrived in Washington to assist in running out the many threads, assigning as his motive the interests of their three-year-old child.

Kuehling's story given to the police was that he lost control of the canoe in a bad stretch of water and in the darkness he lost all track of his wife, wasting much of the time, in which she might have been saved in fumbling at a fur coat under the cap sized boat and which a few minutes before his wife, he said, had worn thrown over her shoulders.

MILLIONS ARE PAYING INCOME TAX THIS YEAR

Majority Prefer to Pay on the Installment Plan

THIRD INSTALLMENT DUE SEPTEMBER 15

WASHINGTON, Sept. 10. — More than 5,600,000 firms and individuals are paying income taxes this year, according to figures made public tonight by the bureau of internal revenue. These figures also reveal that practically 3,000,000 taxpayers have already paid their income taxes in full.

The bureau's statement shows that 4,900,000 persons are paying income taxes on incomes of $5,000,000 or less and that fewer than 600,000 of this number have not paid the taxes in full chosing the alternative method of payment by installments. Individual returns for incomes in excess of $5,000 including those individuals and firms, numbered 700,000. Approximately half of this number have paid all income taxes to the government in the first two tax installments the bureau figures show.

Nearly 350,000 corporations have filed income tax returns, but only 65,000 have paid their taxes in full. Commissioner Williams in the statement also called attention that the third installment of income and profit taxes comes on September 15.

DOG SAVES LIFE OF YOUNG WOMAN

MEMPHIS, Tenn., Sept. 10.—A young married woman, 19 years old, in a hospital here today owes her life to a brown cur dog, who, after she had been attacked by an unidentified white man, and knocked half conscious into a pool of water, went to her assistance and held her head above the surface until help arrived.

The woman, who resides beyond the outskirts of the city, was alone when the man accosted her. Fearing harm, she fled but was overtaken near an excavation filled with water to a depth of nearly two feet. Her assailant struck her on the head and she fell into the pool. The dog, who had followed jumped in after her and with her clothing clamped between its jaws, stood by until the crew of a passing freight train discovered her plight. She said she must have been in the water at least half an hour.

WILL INVESTIGATE BUILDING SHORTAGE

SPRINGFIELD, Ill., Sept. 10 — Investigation of the building situation in Illinois, to determine causes and possible remedies for the existing shortage and high costs of materials, will be undertaken by the executive committee of the Illinois Building Contractors' association in conjunction with kindred organizations, it was decided at the closing session of the association's semi-annual convention here today.

An effort will be made to determine what is necessary to stimulate an early resumption of building activity in the state.

Officers of the association will be elected at February meeting.

HARDING PRAISES ATTAINMENTS OF NEGRO CITIZENS

Says Federal Government Will Not Fail Them

PERSHING ALSO TALKS TO DELEGATIONS

MARION, O., Sept. 10.—Five delegations of negro Republicans, representing various organizations of the race in North and South, gathered at Senator Harding's front porch today and pledged him their support in several hours of characteristic demonstrations and oratory.

In response the Republican nominee made two speeches praising the loyalty and attainments of the nation's negro citizenry and promising that the federal government will not fail the American negro.

He asked that they make service to country the every day standard of their citizenship, and declared his abhorrence of the use of "brutal and unlawful violence," against the black race or any other class.

Conventions of negro Baptists in session at Columbus and Indianapolis sent the largest delegations and a camp meeting spirit ruled the day's celebration. The first group came singing "Harding will shine tonight" in a parody of a revival hymn, and "amens" and "Hallelujahs" floated heavenward with "Oh, Boy's" and "You Tell 'Em" as the succession of orators poured out their professions of loyalty to the party of Lincoln and Grant.

A prayer opened the afternoon, which had lasted for nearly two hours before Senator Harding was reached on the program. Then the visitors flocked up the front steps of the Harding residence and kept the candidate busy for a half hour shaking hands.

Women Promise Votes.

Two hundred thousand votes from negro voters were promised the senator by the women speakers one of whom praised his stand for party government and said the women of her race would claim representation in the government in proportion to their numbers.

At both the morning and afternoon celebration General John J. Pershing an overnight guest at the Harding home was an added attraction and helped stir the enthusiasm of the visitors. To each crowd he made a short speech praising the service of negro soldiers in the war but not touching on political issues.

One of thase who conferred with the senator during the day was William Monroe Trotter of Boston, executive secretary of the National Equal Rights League. He asked that segregation of negro employes of the federal government be abolished and declared afterwards that the nominee had given the request appreciative consideration.

Tomorrow Senator Harding will speak to delegations of business men from Chicago, Detroit and Indiana cities, and is expected to make one of the important speeches of his campaign, outlining his stand on business issues and his ideas for after war financial reconstruction.

STUDENT HOUSING SITUATION SERIOUS

ANN ARBOR, Mich., Sept. 10. —President Burton of the University of Michigan today recommended to the board of regents the purchase of barracks from Camp Custer, soon to be dismantled to meet the student housing situation here.

According to Dr. Burton, nearly 12,000 students are expected to enter the university this fall. Rooms are not available for all of them, while rooms that are to be had, he said, are being held at unreasonably high rentals.

NO MORE WHISKEY IN MEDICINES

Chicago, Sept. 10. — Manufacturers of medicinal preparations in whicn whiskey is used, as an ingredient were ordered today to stop the manufacture of such medicines, according to a ruling from Washington received by R. W. Stone, Illinois physician director.

Doubters have no doubt been thoroughly "educated" in all phases of the contest in the Republican ranks for the nomination of a state ticket. Illinois is a Republican state and a stiff fight for nomination is not unusual but the present contest is a little out of the ordinary in spectacular performances.

THE PRIMARY

Next Wednesday, Sept. 15th, is the date of the primary election to select candidates of the opposing parties for election in November, in both county and state.

In the county there are a number to select from for each position on the Republican ticket, and as a rule they are good men, well qualified for the positions they seek. The Journal is not endeavoring to influence your vote in any way as to the local candidates. They are men fairly well known in the county, and it is a matter of consicience for the voters to decide, placing the interests of the community first in their minds and voting for the nomination of men who can best fulfill the duties of the office entrusted to them, in the interest of progress and the tax payers and people.

Study the list of names.
Be sure to vote your choice.

CAN'T COVER THE EXTRAVAGANCE FACTS

Efforts of Governor Cox to divert attention from Democratic waste of $2,700,000,000 in war expenditures under the Wilson administration by perverting the facts in regard to his $15,000,000 Republican campaign fund charge is not proving successful.

This stupendous sum of waste and extravagance is the total of the many evidences of Democratic incompetency during the war period. Taken together with the $2,400,000,000 saved by the subsequent Republican congress in one year, they represent the difference between Democratic and Republican rule.

Democratic members of congress have been sneering at the work of the war department expenditure committee of fifteen which did the great work of unearthing waste, but so far they have not attempted to explain the figures themselves. The committee itself, however, has taken the view that political parties are nothing if not a check upon each other so that the facts may be brought out for the guidance of the voters, and that the total of Democratic extravagance is sufficient cause for repudiation at the polls in November.

Calhoun county is still without a railroad and in these days with high steel and labor costs there is not much chance for railroad construction work. But the lack of railroads does not mean that Calhoun county residents are not progressive.

A farm bureau was organized there not long ago and already has a membership of more than 500. This indicates not only the progressive spirit of Calhoun county farmers but also the widespread interest there is in the farmers' organization

THE SKUNK

Each night around my seaside dwelling there roams a skunk; at break of day the whole charmed neighborhood is smelling of Jockey Club or New Mown Hay. I know not why this midnight vagrant should always to my cottage steer; I only know he renders fragrant a hundred leagues of atmosphere. I would not in this way be haunted, were it a lion or a bear; for I'm of courage high, undaunted, and I would shoo it to its lair. Oh, bring your fierce man eating tiger, and it I'll face, and never quail, and chase it to its native Niger, and tie a tin can to its tail. I'll meet in any man's arena the fiercest brutes the world can dig, the warthog and the rude hyena, the polar bear and guinea pig. No man can say I am a quitter, but all my courage seems like wind, when comes that aromatic critter, with incense from the storied Ind. County Jail Occupied

The county jail which has been deserted for the past months, is now accupied by some of Virginia's youthful perpetrators of crime. In the past months reports of stolen chickens, destroyed gardens, destruction of property and other misdemeanors have been frequent. Friday night Howard McDowell placed a watchman in his place of business and shortly after midnight the youthful burglars pried open a window, entered and proceeded to help themselves to cash, cigars, soda pop and other things. Suddenly there came the command of "hands up" from the watchman. A telephone call brought Officer Clinton Summerman and Sheriff G. W. Farrar. The captured burglars were Newbert Perrin, son of Mr. and Mrs. Charles Perrin, and Dean Stigall, son of Mr. and Mrs. Ed Stigall, both of this city.

The boys gave the names of their companions, and the arrest of George Greenwood, Harold Ratliff, Thomas Hudson and William Emory followed. Stigall and Perrin were lodged in the county jail. The boys' ages range from 13 to 19 years.

A hearing was had Monday morning in Judge Martin's court Mr. Adams, a detective from the Baltimore and Ohio railroad was present and secured a confession from Stigall, who admitted breaking the seals of box cars and breaking into the B. & O. depot on August 24. He also confessed breaking into box cars on the Chicago, Peoria and St. Louis railroad. Stigall and Perrin were held for trial Sept. 19, while Ratliff, Robbins, Emory and Hudson were released on parole.

An auto party composed of Mr. and Mrs. Warren Watkins and family of Philadelphia, Mr. and Mrs. Frank Redding of Virginia and Mr. and Mrs. Ralph Corell of Pleasant Plains, motored to Keokuk, Iowa, and other points of interest, returning home Sunday evening.

Doubters have no doubt been thoroughly "educated" in all phases of the contest in the Republican ranks for the nomination of a state ticket. Illinois is a Republican state and a stiff fight for nomination is not unusual but the present contest is a little out of the ordinary in spectacular performances.

THE PRIMARY

Next Wednesday, Sept. 15th, is the date of the primary election to select candidates of the opposing parties for election in November, in both county and state.

In the county there are a number to select from for each position on the Republican ticket, and as a rule they are good men, well qualified for the positions they seek. The Journal is not endeavoring to influence your vote in any way as to the local candidates. They are men fairly well known in the county, and it is a matter of consicience for the voters to decide, placing the interests of the community first in their minds and voting for the nomination of men who can best fulfill the duties of the office entrusted to them, in the interest of progress and the tax payers and people.

Be sure to vote your choice.

CAN'T COVER THE EXTRAVAGANCE FACTS

Efforts of Governor Cox to divert attention from Democratic waste of $2,700,000,000 in war expenditures under the Wilson administration by perverting the facts in regard to his $15,000,000 Republican campaign fund charge is not proving successful.

This stupendous sum of waste and extravagance is the total of the many evidences of Democratic incompetency during the war period. Taken together with the $2,400,000,000 saved by the subsequent Republican congress in one year, they represent the difference between Democratic and Republican rule.

Democratic members of congress have been sneering at the work of the war department expenditure committee of fifteen which did the great work of unearthing waste, but so far they have not attempted to explain the figures themselves. The committee itself, however, has taken the view that political parties are nothing if not a check upon each other so that the facts may be brought out for the guidance of the voters, and that the total of Democratic extravagance is sufficient cause for repudiation at the polls in November.

Calhoun county is still without a railroad and in these days with high steel and labor costs there is not much chance for railroad construction work. But the lack of railroads does not mean that Calhoun county residents are not progressive.

THE SKUNK

Each night around my seaside dwelling there roams a skunk; at break of day the whole charmed neighborhood is smelling of Jockey Club or New Mown Hay. I know not why this midnight vagrant should always to my cottage steer; I only know he renders fragrant a hundred leagues of atmosphere. I would not in this way be haunted, were it a lion or a bear; for I'm of courage, high, undaunted, and I would shoo it to its lair. Oh, bring your fierce man eating tiger, and it I'll face, and never quail, and chase it to its native Niger, and tie a tin can to its tail. I'll meet in any man's arena the fiercest brutes the world can dig, the warthog and the rude hyena, the polar bear and guinea pig. No man can say I am a quitter, but all my courage seems like wind, when comes that aromatic critter, with incense from the storied Ind. "Huckleberry Finn"

In the gallery of eternal youth, the master humorist has carved their adventures—Huck Finn, Tom Sawyer, The "King," The "Duke," Black Jim, "Pap" Finn and Little Mary Jane. And they're all alive today in this great picture. The tale of a boy who couldn't be good—wouldn't pretend—so ran away with a vagabond crew and floated down the Mississippi to a place in the heart of the world. All the fun, all the pathos, all the adventure and excitement of Mark Twain's immortal story. Huck is the greatest character in fiction, and his story is one of the greatest ever told.

Will Rheumatism Again Bind You Hand and Foot?

There are thousands of victims of rheumatism who dread the approach of damp wintry weather, for it means to them a return of the pangs of rheumatism.

If you had rheumatism last year and treated only the pains of the disease by rubbing with liniments and lotions, you can be sure that soon again you will be in the shackles o this relentless foe. You may get some slight temporary relief from the pains of the disease by the use of these local remedies, but Rheumatism is too real and relentless a disease to be rubbed away.

If you wish to break the shackles of this disease, and free yourself rom its domination, you must treat the source of the disease.

So many cases of Rheumatism come from a tiny germ in the blood, that you should try a remedy that has proven so thoroughly satisfactory in these cases. S.S.S., the fine old blood remedy cleanses the blood of all impurities, and removes all disease germs that may creep into the blood. Begin taking S.S.S. today, and if you will write a complete history of your case, our medical director will give you expert advice without charge. A Question of GOOD TASTE

It is an error of judgment to use inferior paper in your correspondence. It's a poor compliment to the person to whom you are writing. Fine writing paper, in plain and fancy boxes, can be had here at very little cost and prove far more serviceable and pleasing and dignifying than the so-called cheaper grades.

SALVATION ARMY ANNOUNCES QUOTA

Makes Provision for Extension and Maintenance Budgets — Morgan County's Quota $3,800

Springfield, Ill., Sept. 10.—An extension and maintenance budget of $634,965 for Illinois, $425,700 for Cook county and $209,265 for the remainder of the state was adopted today at the convention of Salvation Army county advisory boards. A public appeal for this money will be made from October 11 to 18. It will be used to meet the needs of the Army in Illinois during the next year.

Among some of the county quotas are: Adams, $7,500; Alexander, $2,000; Champaign, $4,500; Christian, 12,900; DuPage, $2,400; DeWitt, $1,800; Fulton, $4,100; Lee, $2,900; Logan $3,200; Macon, $5,700; Madison, $9,000; Morgan, $3,800.

These are in addition to various building projects, local in their nature, which the counties have undertaken to finance as individual enterprises. They are at Alton, Bloomington, Canton, Champaign, Danville, Decatur, Quincy, Springfield, East St. Louis, Belvidere, Elgin and Rockford.

FIRST SERIOUS ACCIDENT OF STRIKE

NEW YORK, Sept. 10—Today—Friday, the thirteenth day of the Brooklyn Rapid Transit walkout—was marked by the first serious accident since the strike began.

Approximately 35 persons were injured, 15 seriously, when a Coney Island sightseeing bus with seventy men, women and children aboard collided with a trolley car at Fifth avenue and 68th street.

Shortly before the accident occurred it became known that Governor Smith intended to take a hand in the strike situation and confer next week with Samuel Gompers, president of the American Federation of Labor. Earlier in the day an indictment charging murder in the first degree was returned against nine strikers arrested in connection with the stoning of a train that resulted in the death of one passenger.

AERIAL MAIL FAILS TO ARRIVE

SAN FRANCISCO, Cal., Sept. 10.—The airplane initiating regular air mail service between New York and San Francisco, failed to reach its destination at the Presidio here today and ceremonies which were to mark the occasion were postponed until tomorrow.

A delay of an hour and a half on account of a civic celebration at Salt Lake City in honor of the first aerial mail from the east, according to reports, caused the plane to reach Reno, Nev., too late to make the last leg of the flight before night fall.

The plane which departed from San Francisco at 6:15 this morning put up for the night at Salt Lake City instead of continuing to Rock Springs, Wyoming, according to schedule

REFUSE TO WITHDRAW LITHUANIAN FORCES

Warsaw, Sept. 10.—(By The Associated Press).—A note has been received by the Polish foreign office from Lithuania refusing to withdraw the Lithuanian forces to the Foch line, but asking that a conference be held in Marjampol, situated on the demarkation line.

At the close of tonight's conference of the council of ministers the secretary of foreign affairs Sapieha announced that the Poles had replied demanding withdrawal of the Lithuanians without further discussion.

Providing the withdrawal should be effected, the secretary said, a conference would be held with the Lithuanians concerning boundaries, but not otherwise. The Lithuanians, he added must also guarantee not to be friendly with Germany and Soviet Russia at the expense of Poland.

WILL PRESENT PROOFS OF HENNESSEY'S INNOCENCE

Cork, Sept. 10.—(By The Associated Press).—The father of Sean Hennessey, the 19 year old lad who is on a hunger strike in Cork jail, consented today to permit the nuns to try to keep him alive until it is possible to present to the government proofs of his innocence. These proofs it is asserted have been obtained.

The nuns under the direction of the government's physician are endeavoring to ameliorate Hennessy's condition.

The physician today told the correspondent that not only Hennessy but Michael Burke, Michael O'Reilly and Donovon were in a critical condition and that it was problematical whether the lives of any of them could be saved even if they were released immediately.

BISHOP WILLIAM McDOWELL DRAWS LARGE CROWD

Decatur, Ill., Sept. 10.—A crowd which the First Methodist church could not accommodate turned out to hear the address by Bishop William F. MDowell tonight who is a guest of the Illinois Methodist Conference. Important business of the conference is to be transacted Saturday. Appointments are to be made Monday.

NON-UNION INSTRUCTOR CAUSES PUPILS TO STRIKE

St. Louis, Sept. 10.—Eighty pupils in the printing class of Central high school went on "strike" today because a non-union man was appointed instructor, a position formerly held by a union printer. The board of education recently ruled that no one connected with organized labor would be employed in the public schools.

BIDS OPENED FOR AIRULANE SERVICE

WASHINGTON, Sept. 10.—Bids were opened at the post office department today for airplane service by private contractors for the thre new routes.

Alfred W. Lawson of Chicago, put in the only tenders reecived. He agreed to furnish service from Pittsburgh to St. Louis, via Columbus, Cincinnati, and Indianapolis, for one year far a total of $147,000

Between New York and Chicago via Harrisburg, Pittsburgh and Fort Wayne, Ind., the bid was $238,000; and for service between New York and Atlanta, Ga., via Washington, Raleigh, N. C., and Columbia, S. C., $300,000.

Mr. Lawson offered, if awarded contracts, to furnish planes with a carrying capacity of six tons and a speed of 120 miles an hour. They will also carry from 10 to 20 passengers. He agreed to begin service November 15 on one of the routes, to be selected later and to provide equipment for the entire system before the middle of next winter.

UPHAM BELIEVES DEMOCRATS WILL ADOPT HIS PLAN

and in the light of evidence, "Governor Cox has been given even more consideration that his irresponsible charges warrant. It makes no difference what witnesses testify under oath, if such testimony displeases Mr. he at once proceeds to villify and apparently believes that no one speaks the truth but himself.

"The situation is unparalleled in American politics. Under such circumstances what can possibly be gained by following his so-called leads further? Gov. Cox owes it to the American people to withdraw his extravagant statements or stand convicted of descending to the most despicable type of professional politics imaginable."

When Senator Reed learned of Senator Edge's statement, he said in reply:

"I have no comment to make on our investigation at this time. The duty of the committee is to investigate and report to the senate what it finds when the investigation is over and to pursue any other course is in my opinion indecent.'

BAN ON IMMIGRATION A SOURCE OF CONCERN

Many Americans of German or Autrian Descent in U. S. Waiting Patiendly for Lifting of Ban on German and Austrian Immigration.

Washington—Many Americans of German or Austrian descent thruout the United States, are constantly inquiring of any source of information whether the time has yet arrived when their relatives and friends in those coun can come to America and what restriction are imposed upon such immigration.

Some are patiently waiting until all restraint is lifted when the United States and Germany shall have made peace. Others betray impatience because nearly two years have elapsed since the termination of hostilities and the ban has not yet been raised.

Restriction Still On.

Those who appeal to the State Department have been informed that citizens of Germany and Austria may obtain admittance to the United States only through circumstances of "compelling appeal," under regulations laid down by that department. They are told that wartime restrictions against enemy aliens still hold good and that Germans and Austrians must apply to American diplomatic or consular agents abroad or to the State Department direct for vise of passports permitting temporary admission to this country. Under unusual circumstances the passport may be continued indefinitely after the aliens reach the United States.

Germans and Austrians who may obtain authorization to enter the United States must fall within the following classification:

The Classifications.

Business men who can prove conclusively that their visit will be of advantage to American business interests. In such cases letters of recommendation must accompany the application from an American firm establishing the necessity for the visit.

Aged parents of naturalized American citizens when it is clearly proven that such parents are dependent upon their naturalized American children for their support.

American women who have married German or Austrian citizens.

Relatives of naturalized American citizens who can prove their dependency upon such citizens.

Serivce in the German army is held to preclude admission of any German citizen who might claim right of entrance under any of the foregoing circumstances.

Styles That Every Young Man Wants

We are making a bigger feature this season on models designed for young men. Fabrics, too, have been chosen to harmonize with the vigorous activity of the young man. The qualities are superior and prices are unusually modest for the fine tailoring and excellent materials.

Now is a good time to make your selection.

VILLA'S WIFE DEPARTS FOR HUSBAND'S RANCH

San Antonio, Texas, Sept. 10—Mrs. Luzie Coral de Villa, wife of Francisco Villa, former Mexican rebel chieftain, who has resided in San Antonio four years departed Friday for Parrel, Mex., where she joins her husband. The Villas will be established on the Hacienda del Canutillo, one of the ranches set aside for demobolized Villistas.

OCTOBER DELIVERY OF COTTON ADVANCES

New York, Sept. 10. — There was a sensational advance in the price of cotton for October delivery in the market here today Notwithstanding recent declines in the south, very little cotton has been arriving here and the last of the export showed less than 9,000 bales ready for delivery on contract in the local warehouses.

KAISED SAYS HE WILL MAKE HEADS FLY

Berlin, Sept. 10.—An extraordinary declaration by former Emperor William, made on the grounds of his residence at Doorn is reported by Vorwaerts in a story purporting to emanate from a Prussian junker who recently visited him.

It is stated that the former emperor was chopping a tree when he suddenly exclaimed, as he struck furious blows with his axe:

"This is the way heads will fly to the right and left when I return to Germany."

Commenting on the remark, Vorwaerts says:

"It shows Wilhelm in all his old greatness as a politician."

FOR GOVERNOR

In my business life I have always tried to give "the square deal" to every man. If nominated and elected it will be my one purpose to fill the office with honesty and integrity, remembering that I am a servant of the people.

PLEASING WORKMANSHIP

Of course you want your plumbin installed with careful regard to convenience of arrangement. That is our first thought when we undertake the work. But it isn't all. We use particular precaution not to mar the walls or floors of your home. We aim to leave the finished work as neat and tidy as possible. And we are exceptionally careful to see that all joints and connections are perfectly tight—everything in good working order.

J. E. OSBORNE

Candidate for Republican Nomination for COUNTY COMMISSIONER

All my life has been spent in Morgan County and the record, whatever it may be, is open to public inspection.

While now a resident of Jacksonville, because of school advantages, most of my business is conducted in Murrayville.

I am actively engaged in business and hope to keep at work for years to come. However, I can readily devote to the duties of the County Board all necessary time and am ready and willing to serve if the people believe that I can fill the office satisfactorily.

I believe in a continued effort for good roads thru draining and dragging.

A county officer should apply to county business the same interest and discretion that he applies to his private business.

SALVATION ARMY ANNOUNCES QUOTA

Makes Provision for Extension and Maintenance Budgets — Morgan County's Quota $3,800

Springfield, Ill., Sept. 10.—An extension and maintenance budget of $634,965 for Illinois, $425,700 for Cook county and $209,265 for the remainder of the state was adopted today at the convention of Salvation Army county advisory boards. A public appeal for this money will be made from October 11 to 18. It will be used to meet the needs of the Army in Illinois during the next year.

Among some of the county quotas are: Adams, $7,500; Alexander, $2,000; Champaign, $4,500; Christian, 12,900; DuPage, $2,400; DeWitt, $1,800; Fulton, $4,100; Lee, $2,900; Logan $3,200; Macon, $5,700; Madison, $9,000; Morgan, $3,800.

These are in addition to various building projects, local in their nature, which the counties have undertaken to finance as individual enterprises. They are at Alton, Bloomington, Canton, Champaign, Danville, Decatur, Quincy, Springfield, East St. Louis, Belvidere, Elgin and Rockford.

FIRST SERIOUS ACCIDENT OF STRIKE

NEW YORK, Sept. 10—Today—Friday, the thirteenth day of the Brooklyn Rapid Transit walkout—was marked by the first serious accident since the strike began.

Approximately 35 persons were injured, 15 seriously, when a Coney Island sightseeing bus with seventy men, women and children aboard collided with a trolley car at Fifth avenue and 68th street.

Shortly before the accident occurred it became known that Governor Smith intended to take a hand in the strike situation and confer next week with Samuel Gompers, president of the American Federation of Labor. Earlier in the day an indictment charging murder in the first degree was returned against nine strikers arrested in connection with the stoning of t train that resulted in the death of one passenger.

AERIAL MAIL FAILS TO ARRIVE

SAN FRANCISCO, Cal., Sept. 10.—The airplane initiating regular air mail service between New York and San Francisco, failed to reach its destination at the Presidio here today and ceremonies which were to mark the occasion were postponed until tomorrow.

A delay of an hour and a half on account of a civic celebration at Salt Lake City in honor of the first aerial mail from the east, according to reports, caused the plane to reach Reno, Nev., too late to make the last leg of the flight before night fall.

The plane which departed from San Francisco at 6:15 this morning put up for the night at Salt Lake City instead of continuing to Rock Springs, Wyoming, according to schedule

REFUSE TO WITHDRAW LITHUANIAN FORCES

Warsaw, Sept. 10.—(By The Associated Press).—A note has been received by the Polish foreign office from Lithuania refusing to withdraw the Lithuanian forces to the Foch line, but asking that a conference be held in Marampol, situated on the demarkation line.

At the close of tonight's conference of the council of ministers the secretary of foreign affairs Sapieha announced that the Poles had replied demanding withdrawal of the Lithuanians without further discussion.

Providing the withdrawal should be effected, the secretary said, a conference would be held with the Lithuanians concerning boundaries, but not otherwise. The Lithuanians, he added must also guarantee not to be friendly with Germany and Soviet Russia at the expense of Poland.

WILL PRESENT PROOFS OF HENNESSEY'S INNOCENCE

Cork, Sept. 10.—(By The Associated Press).—The father of Sean Hennessey, the 19 year old lad who is on a hunger strike in Cork jail, consented today to permit the nuns to try to keep him alive until it is possible to present to the government proofs of his innocence. These proofs it is asserted have been obtained.

The nuns under the direction of the government's physician are endeavoring to ameliorate Hennessy's condition.

The physician today told the correspondent that not only Hennessy but Michael Burke, Michael O'Reilly and Donovon were in a critical condition and that it was problematical whether the lives of any of them could be saved even if they were released immediately.

BISHOP WILLIAM McDOWELL DRAWS LARGE CROWD

Decatur, Ill., Sept. 10.—A crowd which the First Methodist church could not accommodate turned out to hear the address by Bishop William F. MDowell tonight who is a guest of the Illinois Methodist Conference. Important business of the conference is to be transacted Saturday. Appointments are to be made Monday.

NON-UNION INSTRUCTOR CAUSES PUPILS TO STRIKE

St. Louis, Sept. 10.—Eighty pupils in the printing class of Central high school went on "strike" today because a non-union man was appointed instructor, a position formerly held by a union printer. The board of education recently ruled that no one connected with organized labor would be employed in the public schools.

BIDS OPENED FOR AIRULANE SERVICE

WASHINGTON, Sept. 10.—Bids were opened at the post office department today for airplane service by private contractors for the thre new routes.

Alfred W. Lawson of Chicago, put in the only tenders reecived. He agreed to furnish service from Pittsburgh to St. Louis, via Columbus, Cincinnati, and Indianapolis, for one year far a total of $147,000

Between New York and Chicago via Harrisburg, Pittsburgh and Fort Wayne, Ind., the bid was $238,000; and for service between New York and Atlanta, Ga., via Washington, Raleigh, N. C., and Columbia, S. C., $300,000.

Mr. Lawson offered, if awarded contracts, to furnish planes with a carrying capacity of six tons and a speed of 120 miles an hour. They will also carry from 10 to 20 passengers. He agreed to begin service November 15 on one of the routes, to be selected later and to provide equipment for the entire system before the middle of next winter.

and in the light of evidence, "Governor Cox has been given even more consideration that his irresponsible charges warrant. It makes no difference what witnesses testify under oath, if such testimony displeases Mr. he at once proceeds to villify and apparently believes that no one speaks the truth but himself.

"The situation is unparalleled in American politics. Under such circumstances what can possibly be gained by following his so-called leads further? Gov. Cox owes it to the American people to withdraw his extravagant statements or stand convicted of descending to the most despicable type of professional politics imaginable."

When Senator Reed learned of Senator Edge's statement, he said in reply:

"I have no comment to make on our investigation at this time. The duty of the committee is to investigate and report to the senate what it finds when the investigation is over and to pursue any other course is in my opinion indecent.'

BAN ON IMMIGRATION A SOURCE OF CONCERN

Many Americans of German or Autrian Descent in U. S. Waiting Patiently for Lifting of Ban on German and Austrian Immigration.

Washington—Many Americans of German or Austrian descent thruout the United States, are constantly inquiring of any source of information whether the time has yet arrived when their relatives and friends in those coun-can come to America and what restriction are imposed upon such immigration.

Some are patiently waiting until all restraint is lifted when the United States and Germany shall have made peace. Others betray impatience because nearly two years have elapsed since the termination of hostilities and the ban has not yet been raised.

Restriction Still On.

Those who appeal to the State Department have been informed that citizens of Germany and Austria may obtain admittance to the United States only through circumstances of "compelling appeal," under regulations laid down by that department. They are told that wartime restrictions against enemy aliens still hold good and that Germans and Austrians must apply to American diplomatic or consular agents abroad or to the State Department direct for vise of passports permitting temporary admission to this country. Under unusual circumstances the passport may be continued indefinitely after the aliens reach the United States.

Germans and Austrians who may obtain authorization to enter the United States must fall within the following classification:

The Classifications.

Business men who can prove conclusively that their visit will be of advantage to American business interests. In such cases letters of recommendation must accompany the application from an American firm establishing the necessity for the visit.

Aged parents of naturalized American citizens when it is clearly proven that such parents are dependent upon their naturalized American children for their support.

American women who have married German or Austrian citizens.

Relatives of naturalized American citizens who can prove their dependency upon such citizens.

Serivce in the German army is held to preclude admission of any German citizen who might claim right of entrance under any of the foregoing circumstances.

San Antonio, Texas, Sept. 10—Mrs. Luzie Coral de Villa, wife of Francisco Villa, former Mexican rebel chieftain, who has resided in San Antonio four years departed Friday for Parrel, Mex., where she joins her husband. The Villas will be established on the Hacienda del Canutillo, one of the ranches set aside for demobolized Villistas.

OCTOBER DELIVERY OF COTTON ADVANCES

New York, Sept. 10. — There was a sensational advance in the price of cotton for October delivery in the market here today Notwithstanding recent declines in the south, very little cotton has been arriving here and the last of the export showed less than 9,000 bales ready for delivery on contract in the local warehouses.

KAISED SAYS HE WILL MAKE HEADS FLY

Berlin, Sept. 10.—An extraordinary declaration by former Emperor William, made on the grounds of his residence at Doorn is reported by Vorwaerts in a story purporting to emanate from a Prussian junker who recently visited him.

It is stated that the former emperor was chopping a tree when he suddenly exclaimed, as he struck furious blows with his axe:

"This is the way heads will fly to the right and left when I return to Germany."

Commenting on the remark, Vorwaerts says:

"It shows Wilhelm in all his old greatness as a politician."

Honest and Earnest Public Service

This is the Ideal of

For County Commissioner

For County Commissioner

J. E. OSBORNE

Candidate for Republican Nomination for COUNTY COMMISSIONER

All my life has been spent in Morgan County and the record, whatever it may be, is open to public inspection.

While now a resident of Jacksonville, because of school advantages, most of my business is conducted in Murrayville.

I am actively engaged in business and hope to keep at work for years to come. However, I can readily devote to the duties of the County Board all necessary time and am ready and willing to serve if the people believe that I can fill the office satisfactorily.

I believe in a continued effort for good roads thru draining and dragging.

A county officer should apply to county business the same interest and discretion that he applies to his private business.

SCHOOL BOARD PLANS CORNERSTONE LAYING

Takes Action at Adjourned Meeting — Many Other Matters are Discussed.

The board of education had a long session last evening devoting much of the time to the discussion of important matters tho transacting a rather small amount of business. Letters of sympathy were ordered sent Miss Zoe Tyrrell on the death of her mother and to Mrs. H. C. Montgomery on the death of her husband. Bids were received for electric light work; bids were ordered advertised for boiler house addition; the matter of necessary preparation in new building for furniture installation was discussed; arrangements for corner stone laying were made and the lettering on the corner stone was decided on.

The Proceedings

The board met in adjourned session with Members Rogerson, Black, Caldwell, Muehlhausen and Metcalf present. President J. P. Lippincott in the chair. In the absence of Member Fiedler, Member Metcalf was chosen secretary.

Bills, general fund, $1,004.14 and high school building fund, $1,394.3, and payroll $1,775.66, were ordered paid.

The superintendent reported the teachers' force filled. At the last moment, almost, Miss Candee had resigned, desiring to be with her mother which was made possible by an offer of a position in her home town. The superintendent said another teacher was on the way A member said in Iowa there was a law that a teacher violting a contract without permission from the board could not get another school in the state.

Letter of sympathy were ordered sent to Miss Zoe Tyrrell on the death of her mother and to Mrs. H. C. Montgomery on the death of her husband.

Contractors Paid

The high school building committee reported certificate No. 7. $30,501.13 due Messrs English Brothers, high school building contractors. Total now paid, $170,101.60; due $180,678.40. The certificate was ordered paid.

An order for $395.65 was ordered paid on the Bernard Gause contract. Total now paid, $14,475855 and due $43,095.45.

Two warrants had already been issued payable to Bernard Gause and they had not been paid owing to the death of the payee so they were ordered paid to the estate of Bernard Gause.

Sieber Gets Contract

The matters of bids, plans and specifications for electric and power were produced. The bids were:

Haas Electric Co.—Plan No. 1, $1390, No. 2 $1415, No. 1a $1,-4.15, No. 2a $1150.

G. A. Sieber—No. 1 $1082, No. 2 $600, No. 1s $470. The contract was awarded Mr. Sieber.

The matter of removing a stump on the new high school grounds was referred to the high school building committee.

T. J. Strong, supervising architect, representing Mr. Royer, architect, was present and the matter of necessary addition to the boiler house was brought up and bids were ordered advertised for, receivable Sept. 17, according to an advertisement in another column.

Mr. Strong presented several blue prints showing necessary work or preparations while the building is in progress, for the reception of furniture to be placed in the new high school building. Outlet and inlet pipes must be provided for and various arrangements made and a long time was spent discussing the matter as it is intricate and important. Orders were given to have pipes roughed in and all necessary preparations made for electric wiring, plumbing and the like.

Cornerstone Lettering

The lettering on the proposed cornerstone was brought up and the proper lettering was ordered which will include the fact that it was laid by the Masonic grand lodge.

At last the lettering on the stone over the front door bearing the name of the school was brought up and settled. It was decided to have the letters "J. H. S." large and conspicuous, and below, 'Newton Bateman Memorial." If this is properly carried out and the J. H. S. large and conspicuous enough it will be an endeavor fairly to meet the wishes of all concerned. Suggestions will be heard by the high school building committee regarding the matter.

It was suggested that pupils would have much temptation to inspect and walk over the new building which would be an annoyance to the workmen and the superintendent was given full police powers in the matter and the south side of the David Prince building was ordered closed and not used at all. As there are no recitation rooms on that side the noise of building will be a great deal less trouble and annoyance on that account.

It was suggested that a lot used by English Brothers for storing material had not been cleared as agreed. The contractors are more than twenty days behind their schedule but they will clear the lot as soon as possible.

The superintendent gave a satisfactory report regarding drinking water for the school buildings. He also was instructed to buy sweeping material as he saw fit for use.

Tuition Pupils

The question was brought up of tuition for outsiders in the grades below the high school. The present rates were based on salaries previously paid but now they do not begin to pay actual cost per pupil. It was suggested that there were not many of that kind in the schools and no action was taken.

Many requests have come from parents asking permission to send children to school buildings in wards different from the ones in which the applicants lived. Nothing will be done till school begins and it was ascertained how the room would be. It would not be just to overcrowd a room to accommodate such requests.

The superintendent was directed to ask for bids on bulbs and electric supplies needed.

SHOE REPAIRING DONE RIGHT

Asserts New Discovery Brings Blessed Relief to Hay Fever Sufferers

Can Make it Yourself at Home at Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing Hay Fever into less than a mild cold, claims most emphatically that if taken in time Hay Fever or Rose Fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through Pharmacists to all Hay and Rose Fever sufferers who still have faith that nature has provided an effective remedy for this common, yet miserable disease.

And best of all this remedy costs almost nothing. Get three-quarter ounce bottle of Mentholized Arcine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily snuff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work, but oftentimes simple, natural remedies are the best; as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Mentholized Arcine is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

CONTINUE NATIONAL WOMAN'S PARTY

NEW YORK, Sept. 10.—"Continuance of the National Woman's Party with policies the same as used in the campaign for national suffrage, until all legal action against the victory instituted by the antis is removed," was decided upon today, by members of the national executive committee at a meeting n the home of Mrs. O. H. P. Belmont at Port Washington, N. Y.

A fund to carry on the work of the party up to and during its annual convenion which will be held when the victory is safeguarded, is to be raised, according to Miss Alice E. Paul, chairman. The convention, said Miss Paul, will decide upon a new policy for the party and will organize to campaign for full equality, the fight for which she said "has just begun."

Miss Paul authorized the statement that today she had received a letter from Attorney General Thompson of Tennessee in which he said there was no need to worry about ratification in Tennessee. The action of the legislature that gave women the vote was final, and will not be reversed, he added.

EVANS AND OUIMET WILL MEET TODAY

ROSLYN, N. Y., Sept. 10.—Charles Evans, Jr., of Chicago and Francis —Ouimet of Boston, each of whom has previously been amateur and open golf champions of the United States, will play tomorrow at the Engineers' Country Club for this year's amateur title as a result of their victories in the semi-finals today.

Ouimet defeated Robert T. Jones, II, the youthful star from Atlanta, 6 and 5, while Evans eliminated Edward P. Allis of Milwaukee, former Harvard captain, 10 and 8.

Ouimet and Evans have met but once before in match play. Last year in the amateur tournament for the National title at Oakmont, Pennsylvania, Ouimet eliminated Evans in the second round b yone up at the home green. Evans held both the amateur and open title in 1916 and the only man to have won both championships in the same year. Ouimet won the open title when twenty years old in 1913 and was victorious in the amateur championship in 1914.

Both finalists outclassed their opponents today but the result of Evans' match was considerably more in doubt until Allis began to go to pieces on the way out in the afternoon round.

Qimet displayed all around superiority over his youthful opponent. The figures show that Quimet was better in driving approaching and putting.

TACOMA, Wn., Sept. 10.—James K. Maloney, local merchant has received a cablegram announcing the death of his son from a gunshot wound received in a clash involving Irish factions at Watertown, Ireland The boy, aged 9 years was visiting in Ireland with his mother. The cablegram said that death resulted from a shot over his heart inflicted by a British soldier. Mr. Maloney has asked Congressman Albert Johnson to lay the matter before the state department.

GOLF PLAYERS TO HAVE CUP

If a sufficient number of subscriptions are secured for a golf magazine the members of the Municipal Golf club will own a handsome silver cup. WORK AT CONFERENCE RUNS SMOOTHLY

Methodist Ministers Heard Fine Address by Dr. Soper — Negro Educational Report Full of Interest.

(By C. R. Morrison)

The refreshing rain on Wednesday not only settled the dust, but cooled the atmosphere and made conference sessions, that are almost continuous, quite comfortable to the delegates. So far there has been no failure in the program, as far as the presence of speakers is concerned. All have been prompt and efficient.

Dr. George Elliott, formerly of Detroit, now of New York, the newly elected editor of the Methodist Review, made his introductory speech and pled for a larger constituency for that publication now completing its hundred years of existence.

Dr. McVeety, corresponding secretary of the Board of Negro Education, also spoke vigorously in behalf of the newly named, but old time organization, whose great work in the southland has been ably supported by the church.

He referred to the Meharry Medical school at Nashville, Tenn. where Dr. Hubbard has been in leadership for 40 years, but who now lays aside the task for younger men. He is hoping to be succeeded by a brilliant physician, the son of one of the bishops—Dr. McVeety is now on his way to complete negotiations to that effect.

America and Nations

Dr. Edmund Soper of the Northwestern university, came up to highest expectations in his first lecture on, America annd the Nations. In fact so stirring was his account of the bigness of America, her strength and idealism and in spite of all criticism, her alliance in matters humanitarian, with Cuba, with Central America and China, that A league of nations, if not THE league of nations was inevitable with Anglo-Saxon leadership. The same line of thought was expressed with vigor by Dr. George Dean in the evening session of the Home Missionary anniversary, held jointly with the Rural Pastors' association at the high school auditorium.

These speakers were conscious of a coming conflict of the rising tide of color, which cannot be avoided, unless tempered by a less arrogant attitude of the Anglo-Saxon race.

The spirit of the gospel in labor circles as well as in race and national life, is our only hope.

Plans for Wesleyan

The settlement of the question giving Illinois Wesleyan university as located on the more extended campus in Bloomington, the support of the Illinois conference, was agreed to on the bringing in of the special committee of 21 today. This will afford the university trustees a ground for proceeding with plans already announced of new buildings and further equipment.

The proposed plan for paying a full $20 per year to the retired minister, for each year of service, was also a matter of extended report and a unanimous decision of the conference by a rising vote. It means an increase of conference claimants apportionment of 4 per cent over the usual rate of 6 per cent. The laymen's association will be asked to endorse the proposition at their meeting on Friday. Already there has been ordered drafts on book concern from dividends of nearly $9,000 —and other funds making the total for distribution (outside of amounts raised within the conference) of more than $10,000.

Many visitors are coming in from surrounding cities and villages and delegations of laymen are here to talk for (or against) their present or prospective pastoral supply. On Sunday that contingent will be greatly enlarged.

BENNY LEONARD SCORES KNOCKOUT

CAMDEN, N. J., Sept. 1. — Benny Leonard, light weight champion, knocked out K. O. Loughlin, Bethlehem, Pa., in the ninth round of a scheduled twelve round bout here tonight.

Leonard weighed 137½ pounds and Loughlin 143½.

Loughlin received enough blows to have knocked out the average fighter in every round, but he kept coming in for more. He succeeded in landing a left hook that slowed up Leonard in the fifth round. In this round the champion delivered a body blow which Loughlin claimed was foul. Boxing Commissioner John Smith ordered the referee to begin counting. Loughlin out, but the latter resumed boxing. In this round Loughlin exchanged punch for punch with Leonard. In the sixth round Loughlin was greatly weakened by body blows. He continued to bore in, however, until the ninth when, after 55 seconds of fighting Leonard landed a right to the jaw, knocking him thr uthe ropes and he was counted out.

SCHOOL BOARD PLANS CORNERSTONE LAYING

Takes Action at Adjourned Meeting — Many Other Matters are Discussed.

The board of education had a long session last evening devoting much of the time to the discussion of important matters tho transacting a rather small amount of business. Letters of sympathy were ordered sent Miss Zoe Tyrrell on the death of her mother and to Mrs. H. C. Montgomery on the death of her husband. Bids were received for electric light work; bids were ordered advertised for boiler house addition; the matter of necessary preparation in new building for furniture installation was discussed; arrangements for corner stone laying were made and the lettering on the corner stone was decided on.

The Proceedings

The board met in adjourned session with Members Rogerson, Black, Caldwell, Muehlhausen and Metcalf present. President J. P. Lippincott in the chair. In the absence of Member Fiedler, Member Metcalf was chosen secretary.

Bills, general fund, $1,004.14 and high school building fund, $1,394.3, and payroll $1,775.66, were ordered paid.

The superintendent reported the teachers' force filled. At the last moment, almost, Miss Candee had resigned, desiring to be with her mother which was made possible by an offer of a position in her home town. The superintendent said another teacher was on the way A member said in Iowa there was a law that a teacher violting a contract without permission from the board could not get another school in the state.

Letter of sympathy were ordered sent to Miss Zoe Tyrrell on the death of her mother and to Mrs. H. C. Montgomery on the death of her husband.

Contractors Paid

The high school building committee reported certificate No. 7, $30.501.13 due Messrs English Brothers, high school building contractors. Total now paid, $170,101.60; due $180,678.40. The certificate was ordered paid.

An order for $395.65 was ordered paid on the Bernard Gause contract. Total now paid, $14,4 75855 and due $43,095.45.

Two warrants had already been issued payable to Bernard Gause and they had not been paid owing to the death of the payee so they were ordered paid to the estate of Bernard Gause.

Sieber Gets Contract

The matters of bids, plans and specifications for electric and power were produced. The bids were:

Haas Electric Co.—Plan No. 1, $1390, No. 2 $1415, No. 1a $1,-4.15, No. 2a $1150.

G. A. Sieber—No. 1 $1082, No. 2 $600, No. 1s $470. The contract was awarded Mr. Sieber.

The matter of removing a stump on the new high school grounds was referred to the high school building committee.

T. J. Strong, supervising architect, representing Mr. Royer, architect, was present and the matter of necessary addition to the boiler house was brought up and bids were ordered advertised for, receivable Sept. 17, according to an advertisement in another column.

Mr. Strong presented several blue prints showing necessary work or preparations while the building is in progress, for the reception of furniture to be placed in the new high school building. Outlet and inlet pipes must be provided for and various arrangements made and a long time was spent discussing the matter as it is intricate and important. Orders were given to have pipes roughed in and all necessary preparations made for electric wiring, plumbing and the like.

Cornerstone Lettering

The lettering on the proposed cornerstone was brought up and the proper lettering was ordered which will include the fact that it was laid by the Masonic grand lodge.

At last the lettering on the stone over the front door bearing the name of the school was brought up and settled. It was decided to have the letters "J. H. S." large and conspicuous, and below, 'Newton Bateman Memorial." If this is properly carried out and the J. H. S. large and conspicuous enough it will be an endeavor fairly to meet the wishes of all concerned. Suggestions will be heard by the high school building committee regarding the matter.

It was suggested that pupils would have much temptation to inspect and walk over the new building which would be an annoyance to the workmen and the superintendent was given full police powers in the matter and the south side of the David Prince building was ordered closed and not used at all. As there are no recitation rooms on that side the noise of building will be a great deal less trouble and annoyance on that account.

It was suggested that a lot used by English Brothers for storing material had not been cleared as agreed. The contractors are more than twenty days behind their schedule but they will clear the lot as soon as possible.

The superintendent gave a satisfactory report regarding drinking water for the school buildings. He also was instructed to buy sweeping material as he saw fit for use.

Tuition Pupils

The question was brought up of tuition for outsiders in the grades below the high school. The present rates were based on salaries previously paid but now they do not begin to pay actual cost per pupil. It was suggested that there were not many of that kind in the schools and no action was taken.

Many requests have come from parents asking permission to send children to school buildings in wards different from the ones in which the applicants lived. Nothing will be done till school begins and it was ascertained how the room would be. It would not be just to overcrowd a room to accommodate such requests.

The superintendent was directed to ask for bids on bulbs and electric supplies needed.

CONTINUE NATIONAL WOMAN'S PARTY

NEW YORK, Sept. 10.—"Continuance of the National Woman's Party with policies the same as used in the campaign for national suffrage, until all legal action against the victory instituted by the antis is removed," was decided upon today, by members of the national executive committee at a meeting n the home of Mrs. O. H. P. Belmont at Port Washngton, N. Y.

A fund to carry on the work of the party up to and during its annual convenion which will be held when the victory is safeguarded, is to be raised, according to Miss Alice E. Paul, chairman. The convention, said Miss Paul, will decide upon a new policy for the party and will organize to campaign for full equality, the fight for which she said "has just begun."

Miss Paul authorized the statement that today she had received a letter from Attorney General Thompson of Tennessee in which he said there was no need to worry about ratification in Tennessee. The action of the legislature that gave women the vote was final, and will not be reversed, he added.

EVANS AND OUIMET WILL MEET TODAY

ROSLYN, N. Y., Sept. 10.—Charles Evans, Jr., of Chicago and Francis —Ouimet of Boston, each of whom has previously been amateur and open golf champions of the United States, will play tomorrow at the Engineers' Country Club for this year's amateur title as a result of their victories in the semi-finals today.

Ouimet defeated Robert T. Jones, II, the youthful star from Atlanta, 6 and 5, while Evans eliminated Edward P. Allis of Milwaukee, former Harvard captain, 10 and 8.

Ouimet and Evans have met but once before in match play. Last year in the amateur tournament for the National title at Oakmont, Pennsylvania, Ouimet eliminated Evans in the second round b yone up at the home green. Evans held both the amateur and open title in 1916 and the only man to have won both championships in the same year. Ouimet won the open title when twenty years old in 1913 and was victorious in the amateur championship in 1914.

Both finalists outclassed their opponents today but the result of Evans' match was considerably more in doubt until Allis began to go to pieces on the way out in the afternoon round.

Qimet displayed all around superiority over his youthful opponent. The figures show that Quimet was better in driving approaching and putting.

TACOMA, Wn., Sept. 10.—James K. Maloney, local merchant has received a cablegram announcing the death of his son from a gunshot wound received in a clash involving Irish factions at Watertown, Ireland. The boy, aged 9 years was visiting in Ireland with his mother. The cablegram said that death resulted from a shot over his heart inflicted by a British soldier. Mr. Maloney has asked Congressman Albert Johnson to lay the matter before the state department.

GOLF PLAYERS TO HAVE CUP

If a sufficient number of subscriptions are secured for a golf magazine the members of the Municipal Golf club will own a handsome silver cup. At a recent meeting the members decided in favor of the effort to secure this cup which is to be used for trophy purposes. It is now on view at the F. G. Farrell & Co. bank.

WORK AT CONFERENCE RUNS SMOOTHLY

Methodist Ministers Heard Fine Address by Dr. Soper — Negro Educational Report Full of Interest.

(By C. R. Morrison)

The refreshing rain on Wednesday not only settled the dust, but cooled the atmosphere and made conference sessions, that are almost continuous, quite comfortable to the delegates. So far there has been no failure in the program, as far as the presence of speakers is concerned. All have been prompt and efficient.

Dr. George Elliott, formerly of Detroit, now of New York, the newly elected editor of the Methodist Review, made his introductory speech and pled for a larger constituency for that publication now completing its hundred years of existence.

Dr. McVeety, corresponding secretary of the Board of Negro Education, also spoke vigorously in behalf of the newly named, but old time organization, whose great work in the southland has been ably supported by the church.

He referred to the Meharry Medical school at Nashville, Tenn. where Dr. Hubbard has been in leadership for 40 years, but who now lays aside the task for younger men. He is hoping to be succeeded by a brilliant physician, the son of one of the bishops—Dr. McVeety is now on his way to complete negotiations to that effect.

America and Nations

Dr. Edmund Soper of the Northwestern university, came up to highest expectations in his first lecture on, America annd the Nations. In fact so stirring was his account of the bigness of America, her strength and idealism and in spite of all criticism, her alliance in matters humanitarian, with Cuba, with Central America and China, that A league of nations, if not THE league of nations was inevitable with Anglo-Saxon leadership. The same line of thought was expressed with vigor by Dr. George Dean in the evening session of the Home Missionary anniversary, held jointly with the Rural Pastors' association at the high school auditorium.

These speakers were conscious of a coming conflict of the rising tide of color, which cannot be avoided, unless tempered by a less arrogant attitude of the Anglo-Saxon race.

The spirit of the gospel in labor circles as well as in race and national life, is our only hope.

Plans for Wesleyan

The settlement of the question giving Illinois Wesleyan university as located on the more extended campus in Bloomington, the support of the Illinois conference, was agreed to on the bringing in of the special committee of 21 today. This will afford the university trustees a ground for proceeding with plans already announced of new buildings and further equipment.

The proposed plan for paying a full $20 per year to the retired minister, for each year of service, was also a matter of extended report and a unanimous decision of the conference by a rising vote. It means an increase of conference claimants apportionment of 4 per cent over the usual rate of 6 per cent. The laymen's association will be asked to endorse the proposition at their meeting on Friday. Already there has been ordered drafts on book concern from dividends of nearly $9,000 —and other funds making the total for distribution (outside of amounts raised within the conference) of more than $10,000.

Many visitors are coming in from surrounding cities and villages and delegations of laymen are here to talk for (or against) their present or prospective pastoral supply. On Sunday that contingent will be greatly enlarged.

BENNY LEONARD SCORES KNOCKOUT

CAMDEN, N. J., Sept. 1. — Benny Leonard, light weight champion, knocked out K. O. Loughlin, Bethlehem, Pa., in the ninth round of a scheduled twelve round bout here tonight.

Leonard weighed 137½ pounds and Loughlin 143½.

Loughlin received enough blows to have knocked out the average fighter in every round, but he kept coming in for more. He succeeded in landing a left hook that slowed up Leonard in the fifth round. In this round the champion delivered a body blow which Loughlin claimed was foul. Boxing Commissioner John Smith ordered the referee to begin counting. Loughlin out, but the latter resumed boxing. In this round Loughlin exchanged punch for punch with Leonard. In the sixth round Loughlin was greatly weakened by body blows. He continued to bore in, however, until the ninth when, after 55 seconds of fighting Leonard landed a right to the jaw, knocking him thr uthe ropes and he was counted out.

WOMEN WLIL TAKE PART IN MAINE ELECTION

Portland, Sept. 9.—The important part which women will take in the Maine state election on Monday next and the uncertainty which this new factor has injected into the campaign now closing was indicated tonight by a canvass of registration figures by The Associated Press. The closing of registration in the twenty cities and a compilation of the results showed that about one woman is registered for every two men. SHOE REPAIRING DONE RIGHT

Asserts New Discovery Brings Blessed Relief to Hay Fever Sufferers

Can Make it Yourself at Home at Trifling Expense

In spite of all the doubters and scoffers, a man in Kentucky, who changed his annoying and distressing Hay Fever into less than a mild cold, claims most emphatically that if taken in time Hay Fever or Rose Fever can be conquered or at least made so harmless that it is not even bothersome.

He gave his discovery to scores of other sufferers with the most remarkable results and has recently been prevailed upon to dispense it through Pharmacists to all Hay and Rose Fever sufferers who still have faith that nature has provided an effective remedy for this common, yet miserable disease.

And best of all this remedy costs almost nothing. Get three-quarter ounce bottle of Mentholized Arcine at any drug store, pour the contents into a pint bottle and fill the pint bottle with water that has been boiled.

Then gargle as directed and twice daily snuff or spray each nostril thoroughly.

That's all there is to it; so simple that a lot of people will say that it can't do the work, but oftentimes simple, natural remedies are the best; as you will find after using.

If you will make up a pint and use it for a week or ten days you need not be surprised if your unwelcome yearly visitor fails to appear.

Mentholized Arcine is new in this market. It is possible that your druggist has not supplied himself, but he can get it for you from his jobber, who has a large supply.

NO CHANGE IN PENNANT RACES

NEW YORK, Sept. 10. —The major league pennant chasers underwent no change of position today for the first time this week. The Brooklyn National leaders gained three points on Cincinnati and New York, both of which did not play while the New York Americans obtained revenge on the Cleveland leaders for yesterday's defeat.

The Indians have no game advantage over Chicago which won from Boston, and are only three percentage points ahead of the White Sox. The Yankees are eight points behind Cleveland and if they win the odd game of the series tomorrow they will possess a half game advantage on the Indians but by a freak of figures will be one point behind them.

BOSTON DEFEATED BY CHICAGO 5 TO 3

Eddie Murphy Batting as a Pinch Hitter in the Eighth With the Bases Full Made it Possible for the White Sox to Defeat Boston

Chicago, Sept. 10.—Eddie Murphy batting as a pinch hitter with the bases filled and one out in the eighth inning made it possible for Chicago to defeat Boston 5 to 3 today. Mruphy grounded to Hoyt, whose throw to Schang forced E. Collins but Schang hit Murphy on the back in trying to double him at first and Jackson and Felsch scored. McInnis throw to the plate was bad and Murphy took third, from where he scored on a double steal with Schalk.

SAYS VERY LIGHT FROST HAS HELPED THE CORN

A few farmers from different sections of McLean county, according to the Bloomington Pantagraph, claim that their corn fields have already been visited by a very light frost and they say that it has done good instead of injury because it has started the maturing process in the corn. Other farmers say that they have seen no signs of even the lightest kind of a frost but they rather generally agree that a killing frost in the next ten days or two weeks would seriously injure a large part of the corn and that even a later frost would catch many of the fields unmatured. Farm Adviser O. D. Center said Saturday that "a killing frost would be almost certain to repeat the soft corn condition of 1917. In discussing the corn condition with a number of farmers last week, all of them large corn raisers, a statement was made by one and agreed to by all that only a field now and then anywhere within the county would be safe under killing frost conditions. Even in the same field maturity is very uneven; a field examined in Danvers township Friday, on a very well kept farm, showed areas well advanced and areas in which the corn was yet only in the milk. This condition is common thruout the country in nearly all corn fields."

"It has been stated on excellent farm authorities," Mr. Center said, "that portions of the county have already experienced a light frost—not a killing frost, but one that has worked favorably rather than unfavorably in the maturing of the crop. The frost contact is evident by the appearance of the edges of the corn leaves and the hastening of maturity."

Simon Moon, north of Towanda, has some red corn that is sufficiently matured for hogging down purposes. There are very few fields this far along, however.

Youtz Bonnett, west of Funk's Grove, said Saturday that the Funk's 329 corn on his farm is so matured that the kernels can easily be shelled from the cobs. Seed will be picked in this field this week. This corn is supposed to mature in from 105 to 110 days, but the backward season had made it a little later. This field was planted May 10 when the ground was still so cold and damp that germination was difficult; other fields planted at the same time had to be replanted.

NO CHANGE IN PENNANT RACES

NEW YORK, Sept. 10. —The major league pennant chasers underwent no change of position today for the first time this week. The Brooklyn National leaders gained three points on Cincinnati and New York, both of which did not play while the New York Americans obtained revenge on the Cleveland leaders for yesterday's defeat.

The Indians have no game advantage over Chicago which won from Boston, and are only three percentage points ahead of the White Sox. The Yankees are eight points behind Cleveland and if they win the odd game of the series tomorrow they will possess a half game advantage on the Indians but by a freak of figures will be one point behind them.

Eddie Murphy Batting as a Pinch Hitter in the Eighth With the Bases Full Made it Possible for the White Sox to Defeat Boston

Chicago, Sept. 10.—Eddie Murphy batting as a pinch hitter with the bases filled and one out in the eighth inning made it possible for Chicago to defeat Boston 5 to 3 today. Mrphy grounded to Hoyt, whose throw to Schang forced E. Collins but Schang hit Murphy on the back in trying to double him at first and Jackson and Felsch scored. McInnis throw to the plate was bad and Murphy took third, from where he scored on a double steal with Schalk.

Daily Market Report

WHEAT MARKET CLOSED UNSETTLED

CHICAGO, Sept. 10. — Downturns in the value of wheat resulted today from declines in sterling exchange and from rains breaking the drought in Argentina. The market closed unsettled, 1c to 2c net lower, with December, $2.46 and March $2.41¾. Corn lost ⅝c to 2⅜c and oats ⅛c to ⅜@½c. In provisions the outcome was unchanged to 25c higher.

The scantiness of country offerings tended to check weakness, however, and as did estimates that 150,000,000 bushels had either been shipped or been sold for export. On the other hand, the Canadian crop in three provinces was said to total 28,000,000 bushels more than last year.

Better weather conditions helped to ease down the corn market. Big clearances of corn from Argentina to the United States counted somewhat also against the bulls.

Oats sympathized with the weakness of other grain.

Higher quotations on hogs gave firmness to provisions.

Cash demand for lard was likewise a strengthening factor.

BRADSTREET'S WILL SAY

NEW YORK, Sept. 1.—Bradstreet's tomorrow will say:

"Divergent influences, price uncertainty and the advance of the fall season are visible in the trade and industrial situation resulting in a curious cross-current effect upon observers' conslusions but it may be said that a little more optimism is displayed as to the future and the volume of trading is larger.

"Reports from manufacturing districts too were slightly better, despite some quieting down in new buying in lines such as iron and steel, hitherto displaying activity. The tone of collections, too, shows a slight improvement, and crop reports are better, altho the lateness of the two big crops whose maturity is desired, corn and cotton, renders it absolutely necessary that a late, warm fall season be had if present favorable prospects are to be realized."

Weekly bank clearings were $6,402,955,000.

IRREGULAR CLOSE OF STOCK MARKET

NEW YORK, Sept. 10. — The stock market was reactionary at the outset of today's dull session, strengthening and becoming more active later, but lapsing into its early apathy at the irregular close.

Sentiment continued to be sustained by the success of the French loan and related investment conditions, but this was balanced if not largely offset by the lack of speculative interest, save among professional traders.

The money market imposed no restraint, demand loans opening and renewing into the coming week at 7 per cent and declining to 6 per cent in the final dealings. Foreign exchange followed its recent trend, remittances from London making a further decline.

Pools were most active in oils on the long side of the market with Mexican Petroleum as the leader. Coppers developed sudden strength on declaration of regular dividends by the porphrry companies but steels, equipments, motors and rails showed no definite trend. Sales amounted to 415,000 shares.

Foreign issues continued to feature the bond market the new French loan rising to a premium of one per cent on the curb with further strength in Swiss and Mexican government bonds, but the liberty group eased. Total sales (par value) aggregated $8,550,000.

Daily Market Report

WHEAT MARKET CLOSED UNSETTLED

CHICAGO, Sept. 10. — Downturns in the value of wheat resulted today from declines in sterling exchange and from rains breaking the drought in Argentina. The market closed unsettled, 1c to 2c net lower, with December, $2.46 and March $2.41¾. Corn lost ⅝c to 2¾c and oats ⅛c to ⅝@½c. In provisions the outcome was unchanged to 25c higher.

The scantiness of country offerings tended to check weakness, however, and as did estimates that 150,000,000 bushels had either been shipped or been sold for export. On the other hand, the Canadian crop in three provinces was said to total 28,000,000 bushels more than last year.

Better weather conditions helped to ease down the corn market. Big clearances of corn from Argentina to the United States counted somewhat also against the bulls.

Oats sympathized with the weakness of other grain.

Higher quotations on hogs gave firmness to provisions.

Cash demand for lard was likewise a strengthening factor.

BRADSTREET'S WILL SAY

NEW YORK, Sept. 1.—Bradstreet's tomorrow will say:

"Divergent influences, price uncertainty and the advance of the fall season are visible in the trade and industrial situation resulting in a curious cross-current effect upon observers' conslusions but it may be said that a little more optimism is displayed as to the future and the volume of trading is larger.

"Reports from manufacturing districts too were slightly better, despite some quieting down in new buying in lines such as iron and steel, hitherto displaying activity. The tone of collections, too, shows a slight improvement, and crop reports are better, altho the lateness of the two big crops whose maturity is desired, corn and cotton, renders it absolutely necessary that a late, warm fall season be had if present favorable prospects are to be realized."

Weekly bank clearings were $6,402,955,000.

IRREGULAR CLOSE OF STOCK MARKET

NEW YORK, Sept. 10. — The stock market was reactionary at the outset of today's dull session, strengthening and becoming more active later, but lapsing into its early apathy at the irregular close.

Sentiment continued to be sustained by the success of the French loan and related investment conditions, but this was balanced if not largely offset by the lack of speculative interest, save among professional traders.

The money market imposed no restraint, demand loans opening and renewing into the coming week at 7 per cent and declining to 6 per cent in the final dealings. Foreign exchange followed its recent trend, remittances from London making a further decline.

Pools were most active in oils on the long side of the market with Mexican Petroleum as the leader. Coppers developed sudden strength on declaration of regular dividends by the porphrry companies but steels, equipments, motors and rails showed no definite trend. Sales amounted to 415,000 shares.

Foreign issues continued to feature the bond market the new French loan rising to a premium of one per cent on the curb with further strength in Swiss and Mexican government bonds, but the liberty group eased. Total sales (par value) aggregated $8,550,000.

7,000 EXPECTED TO ATTEND MEETING

Disciples of Christ to Hold Convention October 18-25.

At a meeting in St. Louis of the General Committee on the international convention of the Disciples of Christ, to be held at the Coliseum October 18-25, the indications pointed to an attendance of from 7,000 to 10,000 persons. The united communion service which will be held on convention Sunday, October 24, will require at least 200 deacons to serve those participating, it is estimated.

The women of the Christian Women's Board of Missions are preparing social entertainment which will be given in honor of the women attending the convention.

The gathering will bring together representatives of every state in the union, as well as from England and Canada, and foreign mission countries. Every member of the Christian church who may come from any place becomes a delegate to the convention by reason of his church membership.

SAYS GENERAL PRICE DECLINE NOT COMING

Officer of Wholesale Men's Furnishing Association Makes Statement.

The Daily News-Record recently printed the following news article:

The radical price cutting movement that has been in progress during the past six weeks should not be taken as justifying the expectations of the public and the government officials that a general price decline has set in, according to a statement issued by Williard B. Stevens, secretary of the National Wholesale Men's Furnishings association, whose members had an output slightly less than $1,000,000,000 during the past year. The statement was based upon the replies to a questionnaire sent to several hundred retailers, manufacturers and jobbers.

Excepting silk goods, it was declared, influenced by the panic in Japan and the forced unloading by speculators, and leather goods, affected by the heavy importations of hides, the apparel lines will be higher over the retail counter next fall than during the past spring.

"The sharp drop in wool cannot be felt by the consumer before next spring," said the statement, "as it must first pass thru the hands of the weavers and manufacturers.

Wisdom to Buy

"Accordingly we feel it to be our duty to inform the public that it is the part of wisdom to buy according to one's needs at current prices, which cannot generally continue to prevail. This is proven by the discontinuance by many department stores of reduction sales of from 20 to 50 per cent having found that they could not replace their stocks at the prices at which they had bought the sale merchandise.

"The price-cutting movement has been caused mainly by the backward spring season, followed by curtailing of credit by the banks under instructions of the federal reserve board. Except where necessitated by the surplus stocks and lack of capital it has been unjustified, unscientific, economically unsound and contrary to market conditions.

Government Activities Premature

"We regard the activities of the government agencies," Mr. Stevens continued, "namely, the federal reserve voard and the department of justice, as a premature, altho laudable, and in some respects altogether too radical attempt to reduce the cost of living. Retailers and manufacturers alke who heretofore have operated with the aid of the banks, and against whom no suspicion has been directed, have suddenly been deprived of accommodation. They have been compelled to dispose at a discount millions of dollars' worth of Liberty Bonds, bought under the impulse of patriotism, in order to save their businesses. And the government negatived its efforts to stabilize the market by forcing the impairment and sacrifice of what should be the finest securities in the world.

KNEW DR. MAXWELL.

It has been stated many times that Abraham Lincoln once was trying a case when an important matter dependent on the condition of the moon during a certain night. A man supplied him with an almanac and he won the case. The man was Dr. Maxwell who died recently at the age of 91. G. B. Rawlings, residing with his sister, Mrs. John Robertson, West Lafayette avenue, knew Dr. Maxwell well and says also he heard Lincoln make a speech at Beardstown and in this place the next day and he well remembers the martyr resident and his fine work.

LONG TIME WINCHESTER RESIDENT DIED FRIDAY

Mrs. Mary Peak Passed Away After Long Illness Friday Morning—Congressman H. T. Rainey Makes Address—Other Winchester News.

Winchester, Sept. 10.—Mrs. Mary Peak, wife of the late J. R. Peak, passed away Friday morning at 6:30 o'clock after an illness of over a year. The maiden name of the deceased was Mary D. Young, and she was the daughter of Mr. and Mrs. J. B. Young, pioneer residents of Scott county. She was born and reared near the home where her final days were spent.

Mrs. Peak, who was eighty-eight years of age at the time of her death, sustained a broken hip several months since and had never fully regained her strength after this accident. She was a member of the Baptist church, with which she united when a mere girl. Mrs. Peak was highly respected by a large circle of friends. While devoted to family and home, she yet enjoyed getting out and making new friends, and many were the persons she befrinded during her long and useful life. During her husband's lifetime they traveled quite extensively but the past several years of Mrs. Peak's life have been spent in a quiet way at her home here.

The deceased is survived by the following children: Mrs. Wesley Hamilton, Mrs. J. Edward Hamilton, living near the old home; Mrs. George Stewart, Winchester; Albert Peak, James Z. and George Peak, all living west of Winchester. One daughter and one son preceded their mother in death. The deceased leaves also three sisters, Mrs. L. M. Bell of Ocean Park, Calif.; Mrs. Emily Kirkman of Oak, Nebr., and Mrs. Sarah Thomas of Winchester.

Funeral services will be held at 10:30 o'clock Sunday morning at the Baptist church, Rev. W. B. Morris officiating.

News Notes

Mrs. Homer Boatman and two children of St. Louis are visiting at the home of her sister, Mrs. Randolph Little and family.

Mrs. James Wainwright has returned to her home in Alton and Mrs. Earl Rogers to Jacksonville, after a visit with their parents, Mr. and Mrs. N. M. Wallace.

Congressman H. T. Rainey addressed an audience at the firemen's tournament this afternoon at 2 o'clock. Owing to the heavy rains of Wednesday the attendance was not large on that day, but there were many in attendance Thursday.

Quite a number of Winchester residents attended the funeral of Elder Scott Peak Thursday morning at Exeter Christian church.

Dale Owings of Galesburg and Fred Owings of Springfield are visiting their parents here this week.

Charles Rowland passed away Thursday afternoon at 4:30 o'clock, after an illness of two weeks. The deceased was seventy years of age and was unmarried.

Mrs. Fred C. McLaughlin was taken to Our Savior's hospital in Jacksonville Friday for treatment.

Mrs. Nevens and daughter Dorothy and Miss Velma Chapman of Virden arrived Friday in Mrs. Nevens' car for a short stay with friends.

DEBATED LEAGUE ISSUE AT CHAUTAUQUA

That was an interesting debate which William N. Hairgrove of Jacksonville and Hardin W. Masters of Springfield had at the Rock House chautauqua in Macoupin county Friday. The subject was the league of nations. Mr. Hairgrove is opposed to the league and told his audience that in his opinion it stands for imperialism and will make wars rather than reduce their number.

Both speakers were given earnest attention and many in the audience after the addresses expressed their pleasure in listening to the discussion, stating frankly that they felt the need of information on the subject.

AN APPRECIATION OF JOHN W. MELTON

Chaplain of Soldiers' Home in California Writes of Former Resident—Was for Many Years Prominent in Local Affairs.

Rev. Mathias S. Kaufman, chaplain of the National Home for Disabled Volunteer Soldiers, located in Los Angeles county, Calif., has sent to the Journal the following appreciation of John W. Melton, a former resident of Jacksonville.

Mr. Melton was born June 4, 1837 and was united in marriage June 7, 1870 to Miss Mary E. Strawbride. He attended Illinois College but had only completed his sophomore year when the civil war started and he enlisted. He was an enthusiastic member of the Sigma Pi society and was several times commander of Matt Starr post G. A. R. The article by Chaplain Kaufman follows:

"At the request of Comrade Melton's daughter, Miss Frances Virginia, I am sending to you for publication a brief appreciation of her father.

"Mr. John W. Melton was a member of the Pacific Branch National Soldiers' home in Los Angeles county, Calif., some months over a year and was one of our comrades. He was very faithful in attendance upon our chapel services and other religious meetings. His mild, refined, gentle, friendly disposition made him a man of most wholesome influence and one to be greatly enjoyed by his associates. His testimonies of personal Christian experience were always modest and unassuming, but filled with noble aspirations after a pure and upright Christian manhood.

"Before a literary club Brother Melton read an original paper. Concerning it, the president, Mrs. Kaufman, remarked, "That paper would do credit to a college professor." She also added that she felt impressed with him as one who would have made an elegant college professor had his early training qualified him for that vocation.

He died at the age of eighty-two, honored and appreciated. His memory will be cherished lovingly by those who knew him best.'

A PAINFUL ACCIDENT.

A few days ago Frank McCurley, residing on Mrs. Grey's farm not far from Strawn's Crossing, noticed a small pimple on his right fore arm and unwisely removed it with his knife. Not long after the spot began to swell and it extended up and down his arm and yesterday he came to the city and consulted a doctor. The latter said it was a good thing the young man came when he did else disastrous consequences might have ensued. The arm was lanced, and it is hoped that no bad consequences will follow.

BIG CROWD AT RIALTO VIEWED SPECIAL FEATURE

7,000 EXPECTED TO ATTEND MEETING

Disciples of Christ to Hold Convention October 18-25.

At a meeting in St. Louis of the General Committee on the international convention of the Disciples of Christ, to be held at the Coliseum October 18-25, the indications pointed to an attendance of from 7,000 to 10,000 persons. The united communion service which will be held on convention Sunday, October 24, will require at least 200 deacons to serve those participating, it is estimated.

The women of the Christian Women's Board of Missions are preparing social entertainment which will be given in honor of the women attending the convention.

The gathering will bring together representatives of every state in the union, as well as from England and Canada, and foreign mission countries. Every member of the Christian church who may come from any place becomes a delegate to the convention by reason of his church membership.

SAYS GENERAL PRICE DECLINE NOT COMING

Officer of Wholesale Men's Furnishing Association Makes Statement.

The Daily News-Record recently printed the following news article:

The radical price cutting movement that has been in progress during the past six weeks should not be taken as justifying the expectations of the public and the government officials that a general price decline has set in, according to a statement issued by Williard B. Stevens, secretary of the National Wholesale Men's Furnishings association, whose members had an output slightly less than $1,000,000,000 during the past year. The statement was based upon the replies to a questionnaire sent to several hundred retailers, manufacturers and jobbers.

Excepting silk goods, it was declared, influenced by the panic in Japan and the forced unloading by speculators, and leather goods, affected by the heavy importations of hides, the apparel lines will be higher over the retail counter next fall than during the past spring.

"The sharp drop in wool cannot be felt by the consumer before next spring," said the statement, "as it must first pass thru the hands of the weavers and manufacturers.

Wisdom to Buy

"Accordingly we feel it to be our duty to inform the public that it is the part of wisdom to buy according to one's needs at current prices, which cannot generally continue to prevail. This is proven by the discontinuance by many department stores of reduction sales of from 20 to 50 per cent having found that they could not replace their stocks at the prices at which they had bought the sale merchandise.

"The price-cutting movement has been caused mainly by the backward spring season, followed by curtailing of credit by the banks under instructions of the federal reserve board. Except where necessitated by the surplus stocks and lack of capital it has been unjustified, unscientific, economically unsound and contrary to market conditions.

Government Activities Premature

"We regard the activities of the government agencies," Mr. Stevens continued, "namely, the federal reserve voard and the department of justice, as a premature, altho laudable, and in some respects altogether too radical attempt to reduce the cost of living. Retailers and manufacturers alke who heretofore have operated with the aid of the banks, and against whom no suspicion has been directed, have suddenly been deprived of accommodation. They have been compelled to dispose at a discount millions of dollars' worth of Liberty Bonds, bought under the impulse of patriotism, in order to save their businesses. And the government negatived its efforts to stabilize the market by forcing the impairment and sacrifice of what should be the finest securities in the world.

LONG TIME WINCHESTER RESIDENT DIED FRIDAY

Mrs. Mary Peak Passed Away After Long Illness Friday Morning—Congressman H. T. Rainey Makes Address—Other Winchester News.

Winchester, Sept. 10.—Mrs. Mary Peak, wife of the late J. R. Peak, passed away Friday morning at 6:30 o'clock after an illness of over a year. The maiden name of the deceased was Mary D. Young, and she was the daughter of Mr. and Mrs. J. B. Young, pioneer residents of Scott county. She was born and reared near the home where her final days were spent.

Mrs. Peak, who was eighty-eight years of age at the time of her death, sustained a broken hip several months since and had never fully regained her strength after this accident. She was a member of the Baptist church, with which she united when a mere girl. Mrs. Peak was highly respected by a large circle of friends. While devoted to family and home, she yet enjoyed getting out and making new friends, and many were the persons she befrinded during her long and useful life. During her husband's lifetime they traveled quite extensively but the past several years of Mrs. Peak's life have been spent in a quiet way at her home here.

The deceased is survived by the following children: Mrs. Wesley Hamilton, Mrs. J. Edward Hamilton, living near the old home; Mrs. George Stewart, Winchester; Albert Peak, James Z. and George Peak, all living west of Winchester. One daughter and one son preceded their mother in death. The deceased leaves also three sisters, Mrs. L. M. Bell of Ocean Park, Calif.; Mrs. Emily Kirkman of Oak, Nebr., and Mrs. Sarah Thomas of Winchester.

Funeral services will be held at 10:30 o'clock Sunday morning at the Baptist church, Rev. W. B. Morris officiating.

News Notes

Mrs. Homer Boatman and two children of St. Louis are visiting at the home of her sister, Mrs. Randolph Little and family.

Mrs. James Wainwright has returned to her home in Alton and Mrs. Earl Rogers to Jacksonville, after a visit with their parents, Mr. and Mrs. N. M. Wallace.

Congressman H. T. Rainey addressed an audience at the firemen's tournament this afternoon at 2 o'clock. Owing to the heavy rains of Wednesday the attendance was not large on that day, but there were many in attendance Thursday.

Quite a number of Winchester residents attended the funeral of Elder Scott Peak Thursday morning at Exeter Christian church.

Dale Owings of Galesburg and Fred Owings of Springfield are visiting their parents here this week.

Charles Rowland passed away Thursday afternoon at 4:30 o'clock, after an illness of two weeks. The deceased was seventy years of age and was unmarried.

Mrs. Fred C. McLaughlin was taken to Our Savior's hospital in Jacksonville Friday for treatment.

Mrs. Nevens and daughter Dorothy and Miss Velma Chapman of Virden arrived Friday in Mrs. Nevens' car for a short stay with friends.

DEBATED LEAGUE ISSUE AT CHAUTAUQUA

That was an interesting debate which William N. Hairgrove of Jacksonville and Hardin W. Masters of Springfield had at the Rock House chautauqua in Macoupin county Friday. The subject was the league of nations. Mr Hairgrove is opposed to the league and told his audience that in his opinion it stands for imperialism and will make wars rather than reduce their number.

Both speakers were given earnest attention and many in the audience after the addresses expressed their pleasure in listening to the discussion, stating frankly that they felt the need of information on the subject.

AN APPRECIATION OF JOHN W. MELTON

Chaplain of Soldiers' Home in California Writes of Former Resident—Was for Many Years Prominent in Local Affairs.

Rev. Mathias S. Kaufman, chaplain of the National Home for Disabled Volunteer Soldiers, located in Los Angeles county, Calif., has sent to the Journal the following appreciation of John W. Melton, a former resident of Jacksonville.

Mr. Melton was born June 4, 1837 and was united in marriage June 7, 1870 to Miss Mary E. Strawbride. He attended Illinois College but had only completed his sophomore year when the civil war started and he enlisted. He was an enthusiastic member of the Sigma Pi society and was several times commander of Matt Starr post G. A. R. The article by Chaplain Kaufman follows:

"At the request of Comrade Melton's daughter, Miss Frances Virginia, I am sending to you for publication a brief appreciation of her father.
